Canoe flips, youths drown in Kushog

Ontario Provincial Police divers recovered the body of a Toronto man from the bottom of Kushog Lake last Wednesday afternoon, almost 24 hours after the man and a companion set out to cross the lake in a canoe.

The body of Mario Anthony Morra, 19, of 311 West Lake Avenue, Toronto, was recovered at 4:30 p.m. June 4 by Minden OPP divers, Barry Connelly and Bob Pearson. The search for the body of Morra's companion, Bruno Guerrero, 19, of 398 Mortimer Avenue, Toronto, is continuing with the aid of Minden, Barrie and Huntsville detachment divers.

The two were among a group of five persons staying at a cottage on the east side of the lake just south of Ox Narrows.

Police say Morra and Guerrero set out in a 14-foot canoe at approximately 7:00 p.m. last Tuesday and crossed the lake in a north-westerly direction. They were seen going out of sight around a point on the west side of the lake. They did not return to their cottage.

The next day, police located a resident who reported he had found the men's canoe at 8:30 p.m. floating about 100 feet from the west shore. A check of cottages in the area failed to turn up the missing pair. An aerial survey of the lake from one of the OPP's helicopters also showed no sign of the men.

Divers were called in and located the body of Morra in about 35 feet of water. Coroner Dr. Blair Pierce of Haliburton, attended the scene. A post mortem was conducted June 5 at Peterborough Civic Hospital. No inquest will be held.

In the light of the incident, the third and fourth drownings in the area involving canoeists without lifejackets this year, the OPP are strongly advising people who go out on the water in any type of vessel to carry or wear lifesaving equipment, no matter how strong a swimmer an individual may think he or she is.

Minden OPP divers recovered the body of 19 year old Mario Anthony Morra of Toronto from Kushog Lake last Wednesday. A second man, Bruno Guerrero, 19,

also of Toronto, is still missing and presumed drowned. Coroner Dr. Blair Pierce right, is shown here examining the body of Morra. The search for Guerrero continues.

Funds would have to come entirely from parents

by Sue Cooper

The Full Gospel Light-house Church in Haliburton is interested in starting an alternative school for children in the area.

The pastor, Mervyn Kurtz, chaired a public meeting last week to discuss the possibility. He said Tuesday that while the meeting was set up especially for members of the Full Gospel Lighthouse, ministers as well as members of other congregations attended the informational session.

According to Kurtz, the meeting did not accomplish anything specific. It was designed strictly for informational purposes. The assembly did not decide to take any further steps on the matter at

the moment.

Gary Penner, a Lindsay church pastor who has operated an alternative school in Lindsay for the past year gave a slide presentation and lecture concerning the school.

Kurtz said the members of his church would be informed of the discussion at the meeting in the near future.

and if any step was to be taken it would be to apply for a private school licence from the Ministry of Education.

The school he is proposing would be run in conjunction with the Accelerated Christian Education program which originated in the United States.

If plans go ahead, the

school would be full time and would include religious and academic studies.

"It's the type of system where the students have goals and they develop at their own rate," Kurtz explained.

He said the school would start in the morning with a

Church considers own school

Dysart posts reward after vandals wreck park benches

A \$100 reward has been posted by Dysart et al council for information leading to the arrest and conviction of vandals who smashed two park

benches at the cenotaph in Haliburton Village early Saturday morning.

The reinforced concrete ends of the benches were

broken with a heavy object, probably a sledge hammer, and the wooden seats were torn out.

Councillor Roy Brohm, who lives near the scene of the incident, told council he heard a commotion on the street at about 2:30 a.m. Saturday. Police were not notified of the incident at the time however, and as late as Monday morning, the OPP had still not been informed.

The decision to post the reward came at a meeting Monday after council consulted the OPP detachment commander sergeant Bill Bailey.

Reeve Murray Fearney said offering the reward might be an incentive for someone to provide information about the identity of the vandals.

"This is what we need," the OPP sergeant agreed, Cont'd page 2

Hunter's Horn to be 'Golfers Haven'

Over \$400,000 will be pumped into the former Hunter's Horn Resort on Lake Kashagawigamog to make it a year round resort and convention centre.

Golfers' Haven, as it will now be known, is being purchased by a holding company for an estimated \$300,000. John Sheard, president and general manager said Monday the company has made a down payment to allow them to operate the resort for the summer months and the deal is scheduled to close in early September.

The company plans to spend about \$60,000 to renovate and repair the facilities for this summer's business.

The company will be raising approximately \$100,000 through the sale of common shares at \$2,000 a piece and a mortgage at the rate of 14 percent will be negotiated for the rest of the facilities.

The company will be depending on financing from

Spending up only slightly

Dysart approves budget, municipal mill rate down

Taxpayers in Dysart et al will find almost no change in the municipal and county portion of their property taxes this year. Total taxes will be up, however, as a result of an approximately \$120,000 hike in the municipality's contribution to the Board of Education budget.

At a meeting Monday, council adopted municipal and county mill rates based on a total budget of \$2,747,700. Mill rates for the \$937,733 education portion of that total were not included in the mill rate resolution passed at the meeting.

Municipal portion of the 1980 budget is \$1,623,044, up \$49,502 from the \$1,573,502 budget for 1979. However, an increase in assessment coupled with provincial subsidies for transportation and other expenditures included in the budget mean municipal mill rates are actually down fractionally.

The commercial rate has been set at 96.50, compared to 96.61 in 1979. The residential rate is 82.03, down slightly from last year's rate of 82.11.

The county levy of \$182,923 will result in a rate of 43.40 for commercial taxpayers, compared to 42.10 last year, and a residential rate of 36.90, up slightly from last year's 35.80 mills.

In the category of general government, the 1980 budget calls for expenditures totalling \$263,800, up from the 1979 budgeted figure of \$253,500. The category includes an election expenditure of \$10,000 which was not necessary last year.

Costs for protection to persons and property are expected to be down this year, to \$67,500 from the \$69,500 allowed for in 1979.

Transportation costs are expected to be up substantially, to \$685,450 from the \$600,000 spent last year. But the expenditures are subsidized by the provincial government at a rate of 75 percent, so little of the extra cost will be passed on directly to municipal taxpayers. The increase will be used to begin a construction program recommended in a recently completed roads needs study.

In the category of miscellaneous utilities, the 1980 budget calls for expenditures of \$73,435, compared to \$48,000 last year, of which \$30,000 came from the now defunct Canada Works program. The \$65,000 municipal share of new sidewalks to be constructed in Haliburton Village is included in the 1980 total.

Environmental costs have been set at \$126,000, up from

\$100,000 in 1979. Anticipated extra hookups to the sanitary sewer system account for the difference.

Under Health Services, the budget calls for expenditures of \$95,357 up from \$86,000 last year. Of the total, \$85,560 comes in the form of a provincial grant for the cost of the ambulance service.

In the category of Social and Family Services, the 1980 budget has been set at \$90,000, down from the

\$120,000 allowed for last year. The decrease is based on the fact that actual spending for general assistance, which is 80 percent subsidized by the province, was only \$86,537 in 1979.

Spending is also expected to be down in the category of recreation and culture. The new budget calls for expenditures of \$208,502, compared to \$256,502 last year. Main difference in the two figures is accounted for in reduced

spending in 1980 on Head Lake Park as Phase One nears completion.

Spending for planning and zoning will also be down in 1980, with \$15,000 budgeted for an update of the municipality's official plan. Last year, planning and zoning costs were set at \$40,000.

Ratepayers who want to take a closer look at the municipality's revenues and planned expenditures can examine the 1980 budget at the municipal office.

Dysart will sell more land to finance development of park

Dysart et al council has decided to sell more municipally owned land to help finance the development of Head Lake Park.

The land to be offered for sale is among scores of blocks acquired by the municipality under a mandatory five percent parkland designation that accompanies subdivision development.

Council has agreed to retain and develop at least one good public park and water access point on each lake in the municipality, and to gradually dispose of any lots or blocks of land which would not be used for municipal purposes.

In some cases, the lots to be offered for sale are suitable for building.

Offered for sale by public

tender are five blocks of land designated as Block A, plan 395, lot 1, Harburn Township; Block C, plan 467, Havelock Township; backlands at the Johnston farm, estimated to be 45 acres; Block A, plan 525, Dysart Township; and two, 200' lots fronting on the dump road zoned for commercial or industrial use, concession 9, lot 12, Dysart.

It isn't everyday that you can have your face painted to look like a clown, but many of the youngsters who attended the Fun Night and Victoria Street School in Haliburton Friday did just that. Hundreds of parents and children turned up for the annual event.

Stanhope Fly-In set to go

Aerobatic flying will be highlight of the day's events

The Stanhope Airport Committee has lined up a star-studded cast for the fly-in this Sunday.

The committee has a host of aerobatic entertainers on the agenda as well as fly-passes by powerful aircraft.

One of the big attractions should be a demonstration of a Benson home-built Gyrocopter by Jerry Zimmer. This is a first for the airshow and should be a real crowd pleaser.

The airshow will start off at 1:30 p.m. at the airport located just off highway 530 west of West Guilford with an opening performance by the Toronto Parachute School. If available, the Canadian Armed Forces will follow with a fly-pass and other forces airplanes might be on hand. Dennis Bradley may also be making a fly-pass in his Corsair. The airplane, which was made famous by the television series Baa-Baa

Black Sheep, is apparently too powerful to land at the airport.

The next attractions will be the aerobatics performed by John Schultz in his Hughes helicopter and Nick Daniels in his Citabria. Carl Bunder will also be putting an excellent performance in his glider.

And according to fly-in organizers, one of the best pilots around, Al Hauff, will be performing some beautiful

Cont'd page 2

Testing the waters:

County students rewarded by MOE for their concerns

Thirteen Haliburton area elementary students spent the day doing water quality

studies on Lake St. Nora, last Wednesday, as a reward for their creative effort and envi-

ronmental concern. The grade 5 and 6 students designed winning entries in

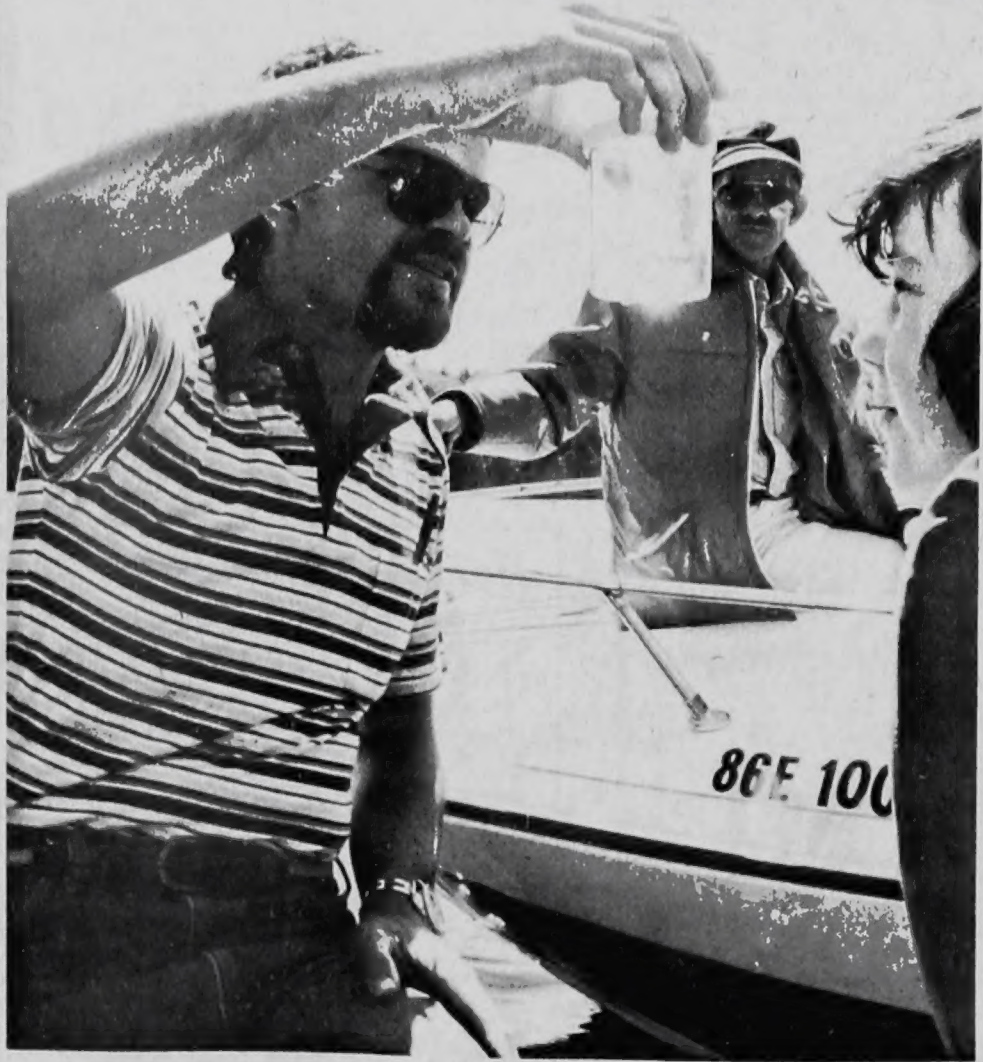

Environment Ontario's school poster competition, held this year in conjunction with the Haliburton County Board of Education, as part of the Ministry's local educational program.

Staff from the Muskoka-Haliburton district office spoke to about 300 students from three local schools, and received 81 projects, all posters and models on a variety of environmental issues," said Colin Macfarlane, director of the Ministry's Central Region. "One very effective project was a bottle of blue water labelled 'Acid Rain', holding a globe in its paper arms. It really got the message across." An Environment Ontario Certificate of Merit was presented to each participant.

The 13 finalists toured the Leslie M. Frost Centre, near Dorset, with lunch provided at the centre. Technical support boats took the group out on the lake, where Ministry biologist Bob Shaw instructed the students in lake testing procedures which are used by technicians to gather information for ongoing studies of Ontario lakes.

The students learned how to take water samples at various depths, measure dissolved oxygen, and gather zooplankton, the tiny organisms on which fish feed.

"We wanted to give the finalists a chance to do the kinds of tests actually used in our studies," said Mr. Macfarlane, "because they seem to be very aware of their environment and its problems."

Bob Shaw, surface water co-ordinator for the central region of the MNR looks for tiny organisms in a sample of water from Lake St. Nora.

The ring toss was one of a number of games youngsters enjoyed at the annual Victoria Street School Fun Night Friday. The event drew a huge crowd.

Nominations sought for board

Central Ontario Travel Association is seeking 12 business people to stand for election to the Board of Directors at the Association's fall annual meeting. The candidates will be nominated by a committee chaired by Barb Bolin of Haliburton.

"The people we hope to have on the board would have some knowledge of marketing and a proven record in business, but not necessarily tourism. Above all candidates should have a strong desire to see tourism grow throughout the entire COTA region," said Bolin. "The Board of Directors would plan COTA's marketing strategy; explore and implement revenue raising programs and determine policy. Some board members would be expected to be on committees. The board would prob-

ably meet five or six times a year and the bulk of the work would be carried out by the staff and through committees. The executive officers would be responsible for administration," she added.

COTA's recently revised by-laws call for a board consisting of 12 elected directors, six ex-officio directors, representing the defined tourist regions, the immediate past president and two non-voting directors representing the Ministry of Industry and Tourism.

COTA comprises the tourist regions of the Region of York, The Great Pine Ridge, Haliburton Highlands, Kawartha Lakes, Highlands of Hastings and Quinte's Isle.

Names along with a brief outline of experience and interests should be sent to

Central Ontario Travel Association, P.O. Box 191, Peterborough, Ontario, K9J 6Y8. Attention: Barb Bolin.

MINISTRY OF THE ENVIRONMENT Tender for Construction of Hydrological Gauging Stations DORSET AREA

Sealed tenders, addressed to the Ministry of the Environment, Suite 100, 135 St. Clair Avenue West, Toronto, Ontario, M4V 1P5, in official tender envelopes marked "Tender for Hydrological Gauging Stations" will be received by the Manager of Purchasing until twelve noon Toronto time June 30, 1980. The work consists of providing labour, material, equipment and all things necessary for the construction of approximately 19 stations as specified in the tender documents.

Specifications and form of tender may be obtained by communicating with the above office, telephone (416) 965-6637, or with the Ministry office in Dorset: Ministry of the Environment, Field Laboratory, Paint Lake Road, Dorset, P.O. Box 39, Dorset, P.O. 1E0, telephone (705) 766-2494. Tenders will not be considered unless made on forms supplied by the Ministry of the Environment in accordance with the terms and conditions set forth therein.

Tenders will be opened publicly at Suite 400, 135 St. Clair Avenue West, Toronto, Ontario, M4V 1P5, at twelve noon, Toronto time, June 30, 1980. The lowest or any tender not necessarily accepted.

If you don't smoke, Equitable can light up your life with a new non-smokers contract

Yes... Equitable thinks you deserve more than a clean ash tray for not smoking. That's why they have developed a brand new life insurance contract designed particularly for those who have not smoked a cigarette for at least the last twelve months. Pipe and cigar users are not considered smokers, so they qualify automatically.

Let's talk about how our non-smoker's contract can "light up your life".

Glamorgan questions MTC over subsidies

At a meeting of Glamorgan council May 7, the following items of business were dealt with:

General voucher of \$10,026.15; road voucher of \$11,715.18; and welfare payroll of \$1,574.18, were approved for payment.

Council agreed to purchase from M. Pickens, Part 14, Plan 19R-2089 for the sum of \$200 plus legal and incidental fees.

The clerk-treasurer was instructed to write Mr. Tomesco regarding the purchase of property defined as Part 15, Plan 19R-2089.

The clerk-treasurer was also instructed to write W.G. Wigle, Ministry of Transportation and Communications querying why the township's request for supplementary budget was not approved, particularly in light of the Ministry's request for the township to have a five-year projection on capital costs for road construction which the Ministry approved; but will not support by subsidy dollars.

A legal description of part Lot 30, Concession 5, will be registered to comply with the requirement of M. of E. for waste disposal sites.

Blake McDuff's tender was accepted as per \$170 for fire hall - 560 Pine Lake Park, \$18 per cut Hwy. 503 and cemetery \$36, Orange Hall and library.

Voting yea were Robert Fotheringham, Kenneth Ma-

guire, Robert McCausland, and Glenn Graham. Voting nay was Joe Fecht.

Conflict of interest was registered by Glenn Graham in the matter of applications for the position of garbage dump maintenance person.

Council met again May 13 to complete business from the May 7 meeting.

Bert Madill, Mickial Gill and Michael Graham were interviewed by council for the

position of waste disposal site maintenance person. Glenn Graham absented himself during interviews, discussion and decision in accordance with conflict of interest declared at the May 7, 1980 meeting.

Bert Madill was hired waste disposal site maintenance man.

The position of road superintendent will be advertised in Toronto Star, Peterbor-

ough Examiner and Haliburton Echo.

Glamorgan Township will enter into agreement with Snowdon Township on Lochlin and Irondale dumps as pre particular explained in a letter dated April 30, 1980 signed by G. Wynne, clerk/-

treasurer, Snowdon.

Motion 80-84 was rescinded.

Applications H48/80, H49/-80 were recommended for approval subject to payment of administration fee of \$100.

Two appraisal will be sought for lot TR 76-7: Bowes

and Cocks and Marshall Leighton Real Estate.

Council recommended Robt. Young be appointed as fire permit issuer.

A special meeting of the Glamorgan Township Council was held in council chambers

Cont'd. page 16

from page 1
"the cooperation of your citizens."

"Somebody has heard it, somebody has seen it," Bailey said. He cautioned, however, that police could not guarantee anonymity to anyone providing the information, since they would likely be called upon to testify in court.

"It takes quite a bit of courage for someone to do that," he said.

Bailey said the detachment has received "a lot of complaints" about vandalism and rowdiness around the county, and in response, a special squad has been formed to crackdown on the problem. Constables dressed in plain clothes and driving older model unmarked cars will patrol selected villages and hamlets on Friday and Saturday nights to cut down on illegal activities and disturbances.

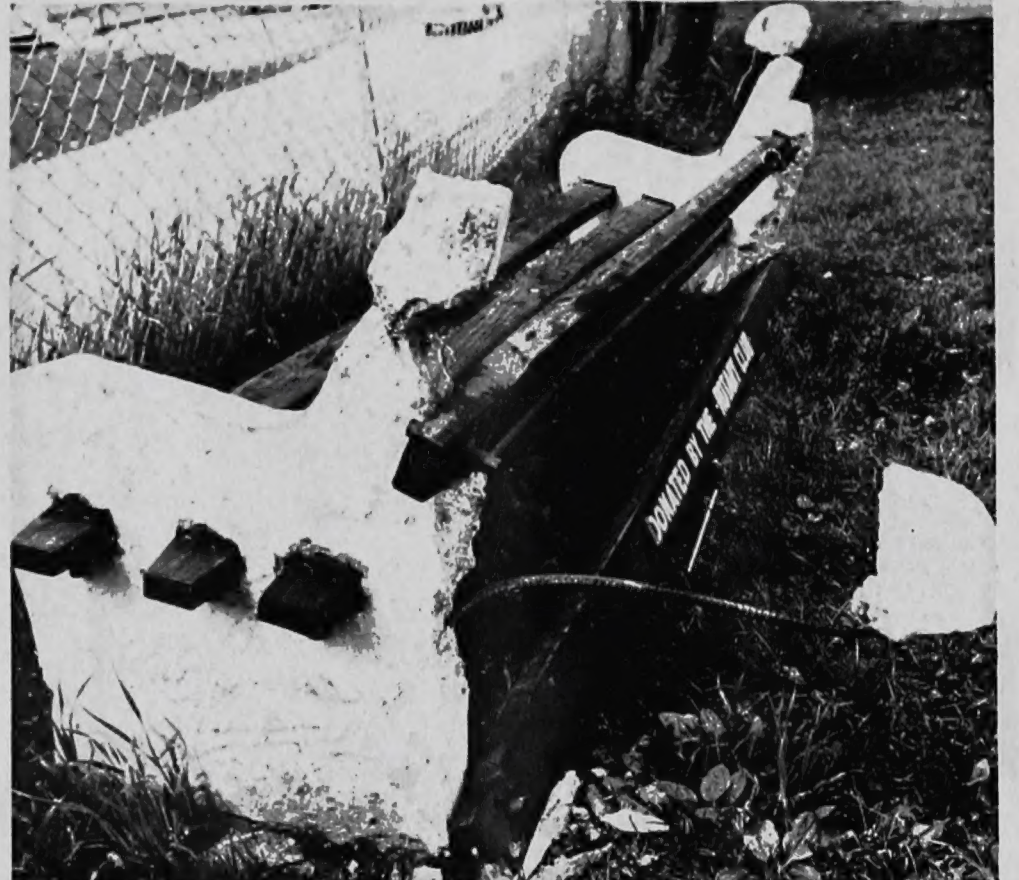

Use of the special squad is costly, but Bailey told council he felt it would work.

"It's expensive; it's overtime, but I feel there's a real need for it and I think it will help," the sergeant said.

Bailey said the Minden detachment is hampered by insufficient manpower, especially in the summer months. Government cut-backs have helped the force to approximately 4000 since 1974, but a recent study has indicated that at least 600 more constables are needed to maintain the level of service the OPP provided in 1972.

The local detachment will get two new officers in July, and Bailey said he hopes the detachment strength will eventually reach 34 men.

"If I can have 34 men, we can provide the services that you people are entitled to," he told council. "But it won't happen overnight."

Dysart et al council has offered a \$100 reward for information leading to the apprehension of the vandals who smashed two park benches at Haliburton's cenotaph early Saturday morning.

Golf resort to open

from page 1

existing buildings. After Labour Day, the company plans to start building a conference centre which will seat 200 people.

But Golfers' Haven will be different from most golf resorts. Instead of the usual outdoors golf course, the resort will feature a relatively new indoor electronic golf course.

"Golf-O-Tron" as it is called, is a computerized game that brings famous golf courses of the world to the golfers.

The machine consists of a 10 by 10 foot nylon screen and a control panel. Participants use their own clubs and balls.

The apparent advantage over the standard courses is that golfers can now enjoy their favourite sport no matter what the season or the weather.

The company says it expects to attract "those groups who now cannot afford the time or money to go to Southern U.S. or the islands."

After the golfers (up to a foursome) decide on the course they would like to play (these include Pebble Beach,

La Costa, Firestone, Oahu and Pinehurst), the game is much like regular golf.

The golfer approaches the tee with his selected club and drives the ball as he normally would. When the ball hits the screen, its speed and impact are measured and the computer judges how far the ball would have travelled. The actual flight of the ball is seen on the screen.

After all the golfers have made their first shot, the picture on the screen advances to where the first golfer's ball landed on the first shot.

When the golfer gets close enough to putt and a separate area in the room which is set aside for putting lights up, the player then places the ball in the area at the appropriate distance and putts-out.

The game continues in this manner.

A foursome can play 18 holes of golf in about two hours.

The resort will house six of these units as well as a "Putt-Putt" course, a games room, billiard room, an indoor-outdoor pool, sauna and whirlpool bath.

Sheard said the refurbishment of the resort should be open June 22 for vacationers.

Chantal LaRue became the proud owner of not one but two bicycles last Wednesday night. Larry Street, of the south Algonquin Kinsmen Association, was on hand to present the bicycles. Chantal won the bikes when she entered a draw at the Kintoria Day celebrations in Wilberforce on the Victoria Day weekend.

Church seeks school

from page 1

brief devotional period followed by scripture studies but religious and academic studies would never be separated.

The scriptures and religious teachings would be intermingled throughout the day with the academic studies, he said.

"It would be a total Christian walk throughout the day," Kurtz said the students would be taught to pray over their difficulties and as an example cited they would pray before examinations.

The religious studies would apparently not hinder the academic studies as Kurtz said statistics show the students from alternate schools are prepared academically and the school would be on the same standard as the public schools.

He said one qualified teacher would be needed and volunteers would probably be used to help with the program.

If the project goes ahead, it will have to be privately funded since the government does not provide grants for schools outside the provincial system.

Studies up to the grade 12

level are possible but Kurtz said a local program would probably start with the smaller children as it would be hard to enroll a senior student into the course in the middle of his schooling.

If the Ministry of Education decided to licence such a school in the near future, Kurtz said it would probably start in one church and other churches might join later.

"There is considerable interest in the community," he said.

He said that while the program would best operate through individual churches the interdenominational school could work with one or more churches because of the small size of the community.

Kurtz said there was concern at the meeting about facilities for the school. His suggestion was that the churches could be used for the school until such a time as a larger facility was needed.

Kurtz said the popularity of these schools is growing and he estimated there are about 20 in Ontario at the present time.

Since nothing concrete was decided at the meeting, Kurtz said the church will be waiting for a response to the idea from its members.

Driver passes on curve, charged

Six charges were laid in seven accidents in the Highlands over the past week.

A Downsview man was charged with dangerous driving under the criminal code and careless driving under the Highway Traffic Act when he hit an oncoming car while passing on a curve.

Lawrence Ellison, 22, was southbound on Highway 35 at 4:30 p.m., Sunday, when he tried to pass a car.

His car collided another vehicle, driven by Robert Davidson, 28, of Toronto, on the east shoulder of the road.

The 1978 car Ellison was driving sustained about \$1,500 damage while the 1979 model car owned by Davidson suffered \$2,500 damage.

Another charge of careless driving was laid when a car went out of control and rolled over in the west ditch along Highway 35 just south of Minden, a week ago Tuesday.

Charged is Mark Pashkovsky, 20, of Toronto. He

received minor injuries and was treated at Minden Red Cross Hospital.

Damage to the 1974 car was estimated at \$4,000.

Early Friday morning a 1978 stationwagon went out of control on a curve and rolled on its roof in the ditch along County Road #7.

Gordon Henry, 37, of Oshawa, was charged with failing to report a collision forthwith.

Damage to the car was an estimated \$1,000.

A Toronto man was also charged with failing to report a collision forthwith when his car hit trees and rocks in the ditch along Horseshoe Lake Road #2.

Barry Jones, 27, was charged on Saturday evening. The 1973 car sustained an estimated \$1,500 damage.

A 1978 pick-up truck sustained about \$1,500 damage when it struck a rock cut in the construction area on Highway

Cont'd. page 5

THANK YOU

The girls and boys and staff of Victoria St. School wish to thank our parents who supported us so well on Fun Night. We would also like to thank the merchants for their generous donations towards our Bingo. Without your help we would not have such a successful night.

Monmouth council meets

At a meeting of Monmouth council June 3, the following matters were discussed:

General voucher No. 5 of \$50,304.48; welfare payroll No. 5 of \$2,252.05; roads voucher No. 5 of \$8,484.38; and O.H.R.P. voucher No. 3 of \$2,069.78 were approved for payment.

Council accepted the bid of Carman Titus of \$500 for the sale of 1963 plow and wing

harness as is, at Ernest Ring's property and associated parts at township shed subject to the approval of the Ministry of Transportation and Communications.

Council agreed to rent a space one way plow and wing to Carman Titus from November 15, 1980 to March 15, 1981, if necessary. Rent for this period of time is to be \$200 and the plow and wing to be repaired if necessary to

present condition, painted and if present blades used, to be replaced to present conditions.

Council approved severance applications H101/80, H128/80, H129/80.

Donald J. Finn's preparation of deed for part Lot 33, Concession 12, was accepted and cost of approximately \$100 will be borne by the township. The clerk and reeve will endorse the document.

Council decided to support the subdivision plan of Ivan Barber - Lots 32 and 33, Concession 17, File Number 46T-80061.

The re-zoning application of William Thomas for re-zoning part of Lot 33, Con-

cession 14, from RU to C3 as per application, was accepted.

By-law 80-16, a by-law to authorize the sale of land was read a first, second and third time and passed.

The Municipality of Monmouth donated \$50.00 to the Senior Citizens' Dinner at Hyland Crest.

A special meeting was held on June 5, 1980 at 7:30 p.m. to deal with By-law 80-17.

By-law 80-17, a by-law to amend By-law 78-6 as otherwise amended, passed pursuant to the provisions of Section 35 of the Planning Act R.S.O. 1980, as amended, was read a first, second and third time and passed as proposed.

Gallery to get box car for display, storage

The Rails' End Station Gallery is about to acquire another piece of railway hardware to lend even more authenticity to its setting. Canadian National Railways, at the urging of the Guild of Fine Arts, has agreed to donate a boxcar for use at the gallery.

CN has transported the boxcar to Kimmount, the end of the useable portion of the Lindsay Haliburton trunk

line. From there, it will be transported by truck to Haliburton at municipal expense. A crane will be used to lift the car off its wheels for trucking. Once in Haliburton, the boxcar will be set back on its wheels on the tracks in front of the gallery.

Besides adding another touch of realism to the station setting, the boxcar will also be used for gallery storage.

Minden OPP trying to curb illegal acts with patrols

Minden OPP have stepped up enforcement in the villages of Haliburton County.

Sgt. Bill Bailey, detachment commander, said in a press release Monday that a team has been formed to oversee complaints concerning unlicensed motorcycles, liquor violations, vandalism and rowdiness.

"It is intended to curb the care-free attitude of persons who are roaming about in vehicles drinking and damaging public and private property," the release states.

On Saturday, three charges under the Highway Traffic Act were laid, three people were charged with liquor violations, and one person was charged with driving without insurance in a three and a half hour blitz of Gooderham.

Bailey says communities throughout the county can expect to see the "team" this summer in an attempt to stop these illegal activities.

The new program has been created because of numerous complaints received by the local detachment.

Record low recorded

Highest temperature recorded over the period of June 2 - 9 was 21 C, while the lowest was a record setting -2.5 C.

Rainfall totalled 19 mm over the period. A hailstorm Monday dropped up to an inch of hail in some areas of the county.

Snowflurries also fell for a few minutes Tuesday morning as unseasonably cold weather continued.

A warming trend is expected as the week progresses.

Vandalism: a growing problem

Dysart et al council this week decided to take action on the problem of vandalism which has been plaguing the village of Haliburton. In the wake of an incident early Saturday morning in which two park benches at the cenotaph were smashed, council has offered a reward of \$100 for information leading to the arrest and conviction of the culprits. Although council believes the citizens of the community should provide police with any information about the incident without the incentive of a reward, it is pragmatic enough to know that money can sometimes make the difference between silence and cooperation.

Saturday's incident should serve as a reminder to every citizen that vandalism is a growing problem which cannot and should not be ignored. To find its root cause, the community must look within itself. It may be, as many people suggest, that we are not sufficiently installing a sense of discipline in our children. It may also be that we are not providing young people with enough facilities and opportunities for recreation. It is certain that many people have lost the respect for public and private property that in no small measure spells the difference between civilization and anarchy.

To think that vandalism can be stopped entirely would be simply naive. To assert that it is a problem unique to the youth of today would be singularly shortsighted. In fact, the urge to destroy other people's property for a senseless kick is probably as old as history. But if vandalism is not a new problem, there is little doubt that its incidence and severity are increasing.

The battle to reduce vandalism must be waged on a number of fronts. First responsibility rests with parents. If all children were taught to respect the rights and property of others, the impetus to deface or smash which motivates a vandal might not arise. Parents should also make a point of knowing where their children are, and so far as possible, what their children are doing. It is a depressing fact that many parents here and elsewhere show little regard for the whereabouts and activities of their youngsters.

Discipline must also be stressed in the school system. Flouting authority has become a kind of game for many high school students. So long as rules can be broken without meaningful consequences, students will continue to lose respect for authority.

On a community level, an effort must be made to push ahead in the direction of creating more activities for young people. If a recreation director proves feasible, he or she may prove to be a positive force in providing alternatives to walking village streets on Friday and Saturday night.

Finally, and perhaps most importantly, the public must be willing to cooperate in helping the Ontario Provincial Police apprehend vandals. So far, the public is not doing its share. Over the last few months damage has been done to public and private property in Haliburton Village on a number of occasions. The noise generated in these incidents cannot have gone unnoticed by neighbours or passers-by. Yet the vandalism was not reported to police while it was underway.

Anyone who sees or hears anything out of the ordinary has a responsibility to report it to the police. The most effective way to reduce vandalism is to catch those who perpetrate it.

Citizens who report what is taking place must also have the courage to stand up and identify the culprits in court, if that is what it takes to get a conviction. As Minden OPP detachment commander Sergeant Bill Bailey told council Monday, that takes courage. But without it, vandals will escape the punishment they deserve.

Working together, parents, councils, citizens and the police can do much to keep the problem of vandalism in check.

The time has never been more appropriate for each of us to recognize the extent of our responsibility to the community in which we live.

Write a letter to the editor

The Haliburton County Echo welcomes letters to the editor. All letters must be signed, and include the writer's address and telephone number. Letters are subject to editing for clarity, grammar, and to conform with legal requirements.

Only under exceptional circumstances will letters be published without a signature, and only when the writer has identified himself to the editor and given valid reason why his name should not appear.

"Serving the Highlands for over 95 years"

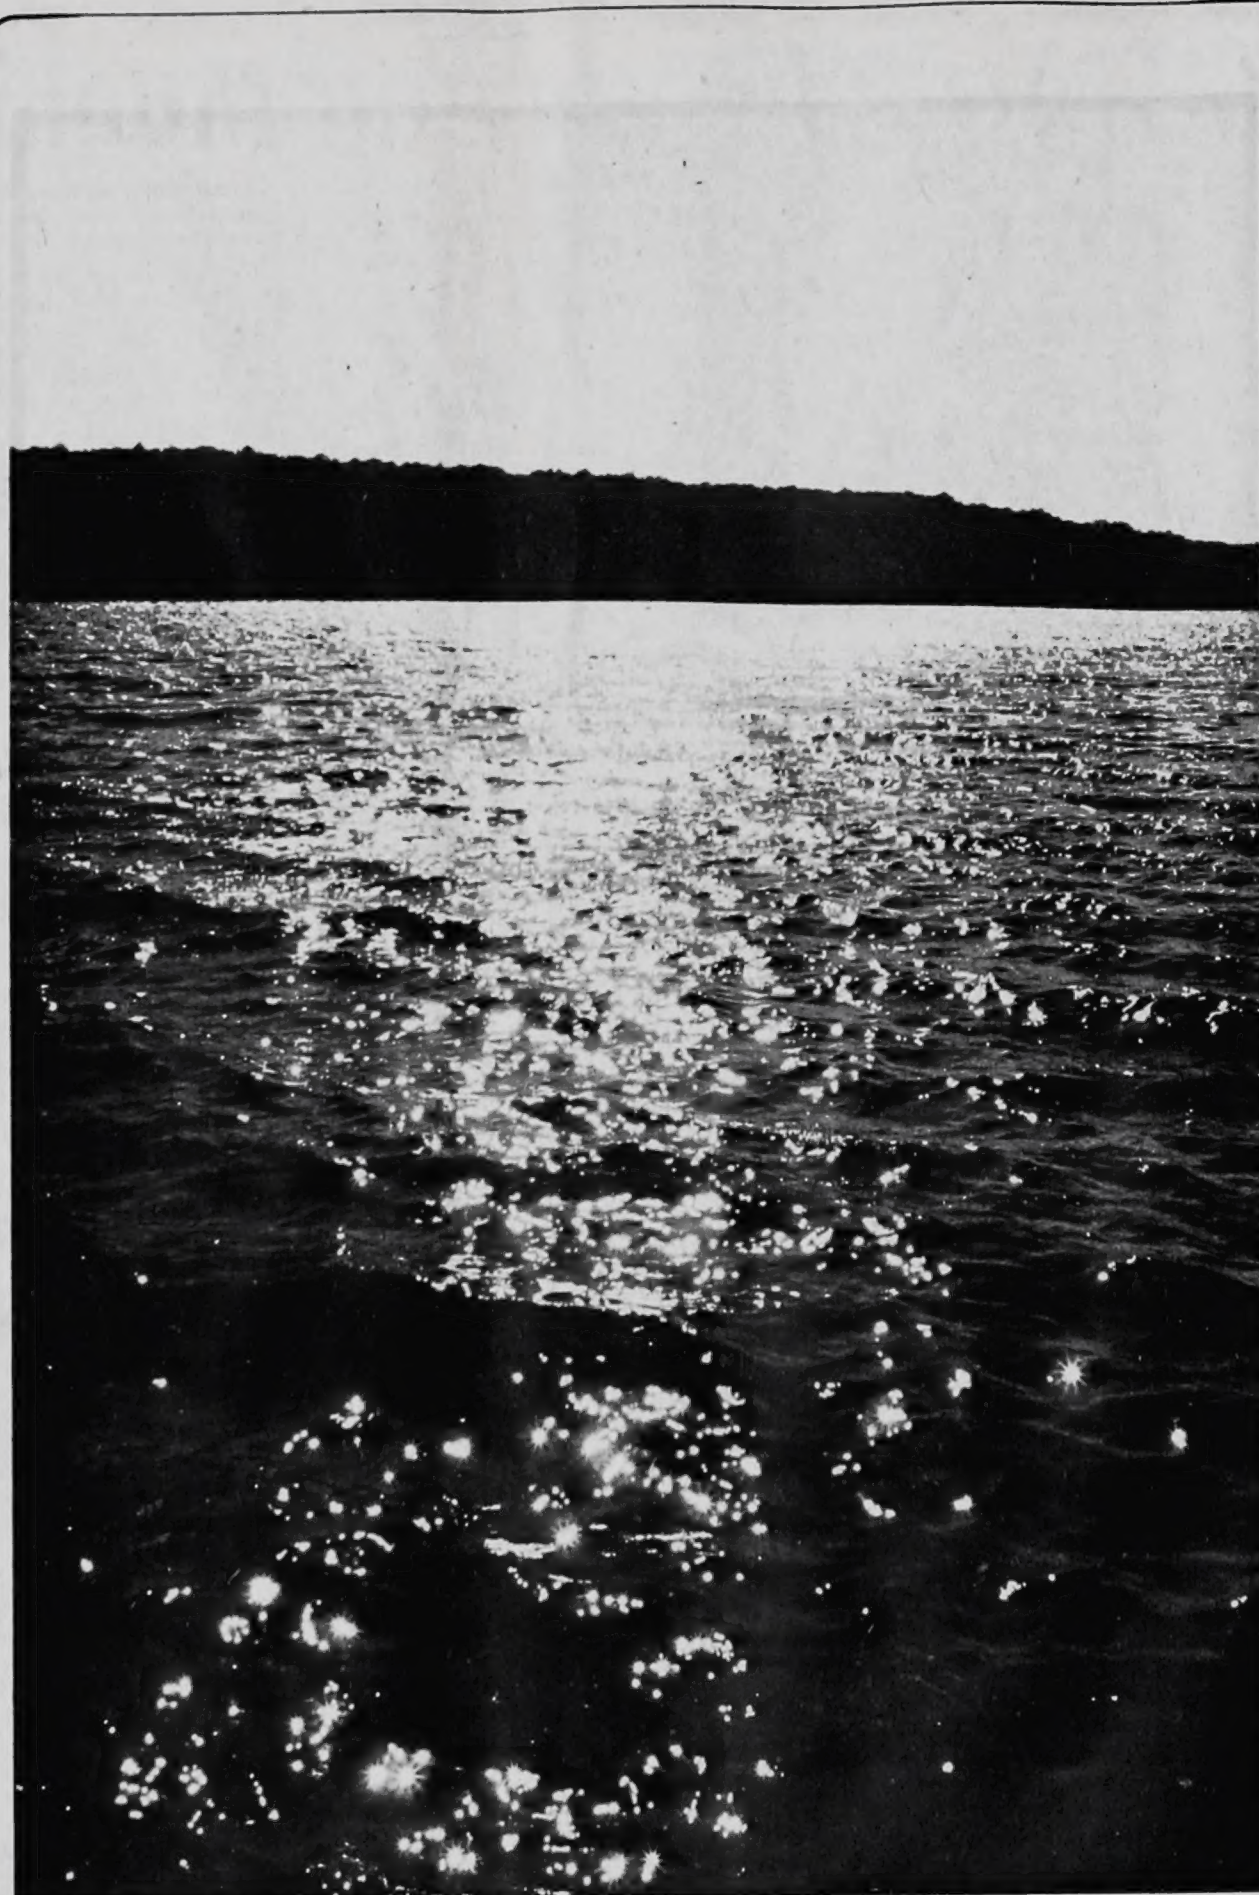

The Haliburton County Echo is an independent newspaper serving Haliburton and Victoria Counties for over 97 years. Established in 1882 as The Minden Echo and Haliburton Recorder, and amalgamated with The Minden Recorder in 1977. The Haliburton County Echo is published by Algonquin Graphics Limited in Haliburton, Ontario, Box 360, K0M 1S0, Phone 457-1037.

Advertising is accepted on the condition that, in the event of a typographical error, the portion of the advertising space occupied by the erroneous item, together with a reasonable allowance for signature, will not be charged for, but the balance of the advertisement will be paid at the applicable rate.

In the event of a typographical error advertising goods or services at the wrong price, goods or services may not be sold. Advertising is merely an offer to sell and may be withdrawn at any time. The Publisher reserves the right to restrict all ads as to their classifications and to edit or reject any copy.

Sun sparkles on Kushog Lake

LETTERS to the EDITOR

To the Editor:

I am very saddened by what I see happening on the Gull River at the Whitehorse Rapids just south of Horseshoe Lake. The bulldozers and heavy equipment have been busy uprooting trees, overturning boulders, and tearing up the topsoil to make a water route suitable for kayaking. It is really quite a mess they have made. I see the next step seems to be to cut a road into that little parkette just south of the dam. That is quite a ridiculous thing to do and I am angry that our council is allowing this to happen on township parkland without giving any notice to others in the municipality who might wish to object to this kind of destruction.

Do we really need a road and a parking lot in a small park in order to accommodate people kayaking? Are we so interested in Haliburton County, to acquire a few tourist dollars that we are prepared to destroy our beautiful environment to get them?

I, for one, am opposed to this kind of thing and I hope others will speak out as well. I think council must re-think this thing before more irreparable damage is done. I also believe council should be having public hearings before undertaking projects that seriously alter our natural environment. If our present councillors are not interested in preserving this county for future generations, then they should be replaced come next election by those who are concerned.

Yours truly,
David Fillmore,
Bethel School

To the Editor:

We have noted the newspaper reports on the county policy on shoreline allowances.

We understand a by-law has not been passed and these are guidelines, i.e. an agreement in principle.

In view of this, i.e. the policy not yet being etched in cement, we offer the following in the interests of a more comprehensive policy, fairness to the property owners, mainly cottagers, and general all around acceptability. The policy as it now stands is incomplete and could cause problems.

First, the policy should concern road allowances on or leading to water and not just along the waterfront. A road allowance leading to water is to be deeded to each of the abutting owners on the basis of 33' each for \$125. each.

Second, the policy of the allowance deeded being perpendicular to the front lot lines is too rigid and can only apply in some cases. This condition could lead to a situation whereby a property owner will find his dock and/or boathouse now on his neighbour's property. As shores are concave or convex besides straight, and lot lines can veer left or right besides being perpendicular to the shoreline, policy should be flexible. Standard

policy should therefore be that an allowance deeded shall be an extension of the lot lines (the normal situation). In situations where conditions could cause problems (i.e. lots would have no water access) the perpendicular policy or mutual agreement of the adjacent lot owners should prevail.

Third, the policy should state that the allowance to be deeded is the total allowance applicable and not just the piece beneath the cottage.

Fourth, the \$250 is to cover administration costs. Administration costs should not be in addition to the \$250.

Fifth, as a general policy, procedures for closure should be kept as simple and inexpensive as possible. Lots have been surveyed and staked to the waters edge when originally purchased and in many cases this data exists and is current and still valid. Each case must then be assessed on its own merits.

Recognizing that existing closure procedures need simplifying and streamlining, The Federation of Ontario Cottagers' Associations Inc. is developing the subject further with the ministries concerned.

In the meantime it is our firm recommendation that County Council give serious consideration to expanding the guidelines as recommended above.

It is further recommended that consideration then be given to the holding of a public meeting whereby the drafted guidelines could be explained, supported by the necessary charts; following which it is expected the guidelines could be finalized.

The sum total of the effort could be input to the Ministry of Housing in their project to simplify their guidelines and policies.

We would appreciate hearing of the county's plans on the above.

Yours very truly,
J.G. Strickland,
President,
The Federation of

Ontario Cottagers' Associations Incorporated

To the Editor:

I am researching my family history, and am hoping some of your readers might be of some assistance to me.

My grandmother, Mary Isabella SHOVE, was born at Minden, Ontario, August 28, 1868, the daughter of Frederick J. and Annie O. Shove. Frederick farmed in the Minden area on Concession 5, Lot 3. Her sisters were Minton, Edith and Annie, and her brothers were William, Jack and Fred. If anyone has any information at all re: this family, I would appreciate very much their getting in touch with me: Mrs. Sandi La Rosee, P.O. Box 181, Turner Valley, Alberta, T0L 2A0.

Thank you for your assistance in this regard.

Yours truly,
Sandi La Rosee.

Feir Play

by

Creighton Feir

We are fast approaching that time of the year when we all start to gear up for the upcoming tourist season. From now until the end of August we can look forward to thousands of visitors coming into the Highlands of Haliburton to either camp, stay at a resort or motel, visit relatives or stay at a cottage. It's really a lovely time of the year with the warm weather that gives everyone the opportunity to play outdoor sports, going swimming or boating, to just plain walk and hike through the forests. It's all here in the Highlands for visitors to come and enjoy and we hope that more people than ever will take the opportunity this summer to come back for their vacation. When they do arrive here and how they are welcomed depends mainly on people like you and me. How many times have you visited a city or a town for the first time and if you were treated in the right manner chances are that you will return to that same place. Let's take, for instance, the other side of the coin and that is when you visit another centre for the first time and you find the people who live there anything but hospitable. This turns you off and you threaten never to go back to that same place again. It's only commonsense that if you have your choice you will always return to the location that you remembered how well you were treated. This summer it's up to us to make sure that each and every person who comes into this county are treated royally so that they will want to come back and back again. We are all starting to realize that we need something here in this county to go along with the tourist trade for a better balanced year round economy but this doesn't mean that we should slow down for one moment in our attempts to keep the local tourist industry booming. We can all help by making all of our visitors feel right at home by speaking to them in a friendly manner when we meet them on the street or in our places of business, by taking time to give them direction when possibly they are lost and by generally just using a bit of commonsense when we meet and greet them. We seem to have some people in this county who couldn't care less whether these visitors ever come back to the Highlands. They have made their money and can sit back and let the rest of the world go by. But just let's hold it for a moment. What about the rest of us who are counting on making our living here. We all depend a great deal on the tourist dollar whether it be directly or indirectly and it helps to keep people working and creates jobs for your father, your son and daughter and your husband. In the months that lie ahead let's try to turn over a new leaf and show everyone just what good public relations is all about.

Between 200 and 300 boys and girls have been turning out on Wednesday evenings at the elementary school grounds in Haliburton for the minor softball house league. In an effort to see that every boy and girl gets the opportunity to play ball more coaches and managers are urgently needed.

Murray Fearrey, reeve of the Municipality of Dysart et al was the guest speaker at a recent meeting of the Rotary Club of Haliburton. He brought the members up to date on county council and municipal affairs. In his most interesting talk he covered such subjects as the new park on Head Lake, a sports director for the area, paving of roads that are in need of it in the municipality, municipal parks, opening of Glebe Park, the present construction of new roads, new sidewalks and curbs and gutters in the Village of Haliburton. During the question and answer period he capably answered all questions and promised that the streets in the Village of Haliburton would not be torn up again except for the installation for underground hydro and water system. He said this jokingly. During his talk it made it quite plain that Dysart is in a very good financial position. In closing he asked the members of Rotary if they would give serious consideration to the possibility of erecting the new change rooms at Rotary Beach. The Rotary Club of Haliburton at the present time has 51 members with its newest member being Ray Selbie, local barrister and solicitor. This is the highest number of members the club has had for some time now.

I received a letter recently from my good friend Ken Hopkins who resides in Toronto but has been coming back to Haliburton for the summer months for the past several years. In his letter he was telling me that the Rev. Harry Denning, minister of Kingsway-Lambton United Church in Toronto who is a fine Christian gentleman and highly regarded by his congregation for his sermons which are printed for general distribution. Ken went on to say that Rev. Denning's story of the North Carolina hillbilly boy contained in one of his recent sermons caught his eye and he had wondered where he had seen or heard it before. Ken said that for many years he has been in the habit of clipping articles, poems, etc. and placing them in scrap books. When he rummaged through a few of the books he came across the story in the form of an editorial which had been published in the Haliburton County Echo titled "Country Doctor" about thirty years ago. Thanks Ken for sending the clipping along.

The Happy Gang at Extencicare/Haliburton have announced their Nursing Home Week events June 16 - June 22. On June 16, Kid's Day; June 19, bingo; June 20, beef barbeque; June 22, Strawberry Festival. All proceeds for the Happy Gang and the Ontario Heart Foundation.

Work is continuing on the interior of the building on the main street that is now partly occupied by Haliburton Travel Agency and Sears and will now have new occupants in the name of Cordell Interiors. Brad Sales of Cordell's is doing a lot of renovating before he moves into larger quarters.

A few weeks ago we brought up the subject that a new Canadian flag was badly needed at the Dysart Community Centre at Haliburton. Don Lloyd, the arena manager, reminded me that a new flag was hoisted up the flag pole before the write-up hit the paper.

Pic of the Past

In 1903 the William Laking Lumber Company constructed a lumber mill in Haliburton Village and rebuilt the timber dam on the location of the first sawmill built in 1864. The father, Wm. Laking, was reeve of Dysart et al for three years, 1910 to 1912, and his son was reeve 1914 and 1915. This is a photo of the employees of the Wm. Laking Lumber Company, taken in 1914. The photo was provided by Jack Hoxie. From the left, Owen MacAvoy, Frank

Craddock, Jack Watt, Jack Potts, Ernie Boice, Elwood Hoxie, Fred Lillcraft, Carl Hadley, Jack Douglas, Thos. Johnston, Jack Bird, Val Hoxie, Dave Bassett, Ike Roberts, Walter Kellett, Elwood Austin, Bruce Kellett, Alex Spears, Geo. Cluff, Ike Hadley. We were unable to identify five men in the picture.

Bill Smiley

In theory, women are the sentimental sex, men the hard, unfeeling sex. In reality, this is pure horse... wait for it... feathers.

Underneath all the cooing and crooning and weeping, hidden behind the ah's and oh's and other symbols of maudlinity, women are about as sentimental as turtles.

This is said in no disparaging sense. I detest sentimentality, though I have nothing against sentiment. Being, I despise myself for being sentimental about things: old shoes, old hats, old hip waders, old houses, old cars, and even old ladies.

There is nothing of this in my wife. Oh, she can get sentimental about the way I used to baby her, or the joy the children were before they grew up, or her school days in the one-room country schoolhouse. In other words, figments of the imagination.

But when it comes down to things I love and cherish, she's as sentimental as a meat-grinder. Just the other day, she threw out my golf shoes. I'd had them only twenty-one years. They were a size too big when I bought them, and my feet skidded around a bit inside them; the spikes were worn down to pimples, many missing. But they were old friends. I felt low for two days. She didn't turn a hair.

This week, she made me buy a pair of dress shoes, black. I had a perfectly good pair of black shoes. As usual, I had worn them only to weddings and funerals for the first four years, then to work for the last three. They were good shoes. Cost me \$22.

But they weren't good enough, in her opinion, for some damn fancy party we were going to. I didn't matter to her that they were comfortable (it takes about three years to break in a pair of shoes), still quite black when sufficient polish was applied, and only a few scuffs here and there, about the size of a thumbnail each. Out they went.

Have you any idea what a pair of decent shoes cost these days? By George, they must be using humans for skin. Blacks for black shoes, brown people for brown shoes, and Scandinavians for white shoes. No animal hide, alive or dead, is worth what they're asking for a bit of leather.

My old lady recently bought a collection of strings of leather that wouldn't make a medium-sized jockstrap. It was called a pair of shoes. It cost \$85. They were made in Italy. I'm going to write the Pope.

But I mustn't digress.

A stolen vehicle was found in a ditch along Highway 530 early last Sunday morning. Police arrived on the scene at 6:30 a.m. and found no driver. The owner, Richard McLean, RR #2, Haliburton, reported the vehicle stolen.

Latest victim of my wife's complete lack of sentimentality about old and cherished things was our car. The big car, as my grandboys called it when they climbed, cramped, out of the poky little Datsun their mother drove, and in which she carried a pail of water to fill the leaking radiator every thirty-five miles.

Those little fellows loved it. They didn't even notice the rust. It was a veritable playhouse, the Yellowbird, another pet name. They were at their happiest when we were steaming down the highway, crawling around my feet, pushing buttons, twisting dials.

It was sheer bliss for them when they got everything going at once. A cold winter day. The air-conditioning turned to full cold with the fan on. Windshield wipers flying at top speed, and one kid pushing the window-wash button, the other punching buttons of the radio, turned to full volume, or trying to put on, simultaneously, the headlights and the emergency brake.

Do you think any of those good times, those tranquil moments, meant anything to my old lady? Not on your life. This week I bid a fond farewell to the Yellowbird, wiped away a surreptitious tear, and climbed into a new car she'd made me buy.

No fun there for the kids. No air-conditioning to switch on suddenly, making Granddad's hair stand on end. It's a two-door, so no more playing with the locks and leaning against the door and watching Gran go out of her mind. Caged in, like little animals. Have you bought a new car lately? Neither have we, but

it's fairly new. Our last one cost \$2,000 and was only five years old. It lasted over three years and was still valiantly breasting the waves of traffic on the highway.

When I asked for prices on a new one, I turned red, then white, and had to be helped to a seat. Had the sales office not been so magnificent, rather like the lobby of a bank, I think I should have, perhaps, vomited.

There are more ways than one in which a car agency resembles a bank. Their interest rates are similar, though, to be fair, slightly lower than the eighteen-odd percent our banks, those holiest of holies in our economy, gouge.

Their salesmen are somewhat like those well-groomed young men at the bank, not exactly accountants, not managers, who guide you smoothly through a maze of figures and papers to the stony reality that there is no easy way out, no way to really save money, no way to beat inflation.

There was one pleasant difference this time. The car salesman was a former student, Ernest Moreau, a craggy young man with a sense of humor, a sweetness of spirit, and a sense of the ridiculousness of things from the dull, humorless, unknowable young men I've met in the bank lately.

Yep, we've bought a car, new shoes, the works. And my wife showed no more sentiment over the old ones than she would have over last week's laundry. I wonder if she could discard an old, well-used man with the same equanimity. I fear so.

by Bob Stinson

F.B.D.B. Can Help

The Federal Business Development Bank recently held a reception for some of the business leaders in our area to encourage dialogue on what their services were and how they would best fit the needs of our business community. A service that they provide that is not given a great deal of publicity is their "CASE program". It would seem that this is one service we should be making far more use of in Haliburton County.

The object of "CASE" is to provide counselling expertise to those requiring it. This could be a struggling young business, or an older one that may be slipping in a competitive market. Counselling may also be valuable to someone who is just not thinking of going into business and seeks advice on the viability of their idea. The counsellors for this program are made up of people who have been successful in their various fields of endeavour and are now retired or semi-retired. They are paid a nominal fee and their expenses for their efforts, but mainly they do it to keep up their interest in today's challenges and concerns.

Here in the Highlands we suspect there is a huge untapped resource of these retired businessmen who would welcome this opportunity to help someone who is still struggling. The struggling businesses are certainly here in great evidence. If you would like to be a CASE worker, or get assistance from one, we suggest you contact Alex McLeod of the Federal Business Development Bank in Peterborough at 748-3241 and he will provide more details.

Help Plug The County

John Rendall of Caron Pine in Minden attends a number of craft and gift shows each year to promote his pine products. Each time he visits the Chamber office and picks up a supply of directories to give to anyone who expresses an interest in the area he comes from. We have expressed our appreciation to John for helping us to effectively distribute our brochures but he simply counters that by helping the area, he is naturally helping himself.

Others have picked up books to take to conventions and meetings because they are proud of their home town. How about you? Think about where you are going that you could help promote the Haliburton Highlands, and drop in to the Welcome Centre and we'll provide what we can to help you do it.

Good Summer Predicted

All indications point to another good summer for tourism in the county. Advance bookings at lodges and cottages are excellent and inquiries are frequent. The one question mark is the cottagers. While accommodation business has been fairly good this spring, we find that cottagers are visiting their properties with less frequency. One businessman suggested that the regulars, who used to

come up every weekend rain or shine, are now coming every other weekend.

We have been aware that although the energy crunch would not kill our tourist industry, it was bound to create changes to existing patterns. This is one of those changes that we will have to deal with.

What's New!

Windsurfing is alive and well and flourishing in Haliburton County. Nick Lehosky is the franchised dealer for windsurfers in the county and is a recognized instructor. He has invented and developed a windsurfing simulator which allows him to provide instructions in the sport on dry land. He will be providing instructions at a number of resorts this summer and also through Sir Sandford Fleming College. For more information on lessons or equipment you can reach Nick at Eagle Lake at 754-2461.

When the Binskins moved their Rockhound Rendezvous into Wilberforce they changed the name to the Wilberforce Rock Shop, and set up a free tourist information centre in conjunction with it. They encourage all tourist related businesses in their area to keep them provided with brochures and information. They are also, at this location, running a weekly garage sale and will accept items on consignment at a 15 percent commission. Drop off your unusables and pick up something useful.

Emeralds low grade: OPP

The Ontario Provincial Police anti-rackets branch has received enquiries from police forces across the province about a group selling emeralds by mail order.

Prospective customers receive a letter telling them they have been selected by computer to receive the offer to buy the gems and only the addressee is eligible to make the purchase.

The emeralds are offered for seven dollars each, plus a dollar for handling. If the offer is taken up before certain deadlines, up to four stones can be bought, but the price of \$7 each and handling still applies.

The firm selling the stones is known as HMF Minerals Ltd. or North American Minerals Ltd. Toronto addresses

are used for mail handling and the parent company is located in Westbury, New York.

The buyer could easily be led to believe that he is being given the opportunity to buy a very valuable stone at a bargain price. In fact, the stones are low grade and worth about the price the customer is paying.

A certificate of authenticity accompanying each purchase says only that "the acquisition" is "authentic".

Emeralds are cut from a mineral known as beryl. A true emerald is deep green and unflawed; the emeralds being sold through this scheme are much paler and flawed. The materials have little commercial value and will often be used as fill in emerald mines.

Two charged with theft of spool

Two Toronto residents have been charged with theft under \$200 after a Bell Canada cable spool went missing at the Raven Lake landing.

The seven foot diameter wooden spool, valued at \$150, was later found hidden in the bush.

Charged are William McIndo, 17, and Christopher Roper, 21.

The pair will appear in Minden court June 24, 1980.

Two juveniles have been charged with break, enter and theft, theft under \$200 and attempt to break and enter under the Juvenile Delinquents Acts.

The female, 15, and a male, 14, both of RR #1, Haliburton, were charged after thefts were reported in the Redstone Lake landing area last Wednesday.

OPP charge Beachburg man

from page 3
519 south of Haliburton on Sunday afternoon.

Michael Iles, 18, of Haliburton, was not injured in the accident.

A Beachburg man was charged with having improper brakes on his trailer when it jack-knifed and came off the hitch, rolling over.

Charged is John Taylor, 31. Taylor was westbound on Highway 503, east of Gooderham, when the trailer he was towing started to sway and the driver lost control last Friday afternoon.

The trailer, carrying a farm tractor, was estimated with \$2,500 damage while the car received slight damage at \$200.

A stolen vehicle was found in a ditch along Highway 530 early last Sunday morning.

Police arrived on the scene at 6:30 a.m. and found no driver. The owner, Richard McLean, RR #2, Haliburton, reported the vehicle stolen.

COUNTY ECHO SPORTS

Bob Davis guides canoes into the wilderness

by Sue Cooper

Bob Davis is leaving tomorrow, leaving on an experience that few of us will ever take the time to enjoy.

Davis will be guiding a canoe trip 700 miles along lakes and rivers through the Keewatin District of the Northwest Territories. While on the trip he will be working for Hugh Stewart, owner of the outfitting company Headwaters.

"If I hadn't been offered the money I probably would have gone anyway," Davis said at his home last Friday.

Taking advantage of this wilderness canoe trip will be five Canadians, four Americans and one Norwegian, three of whom are women. Davis said all the canoeists are highly experienced.

"It's not where you go but who you go with," that makes a trip work. Davis said people interested in wilderness canoe tripping must enjoy their surroundings.

On Thursday, Davis will take a train from North Bay to Winnipeg and will rendezvous with the rest of the group in Lynn Lake, Manitoba on June 25.

Davis said he and Stewart will probably have to take separate trains because the railroad is not particularly happy about transporting five canoes. The canoes are bulky and the railroad doesn't make much money on freight because the vessels are so light.

From Lynn Lake, the group will fly to Brochet where they will begin the 50-day adventure.

One of the biggest problems when preparing for the trip is trying to keep the weight to a minimum. For this reason, the outfitters bring all the food and send a list to each canoeist suggesting the equipment and clothing they will need on the excursion. Dried foods like pemmican and carefully chosen preserved foods are taken.

"We try and gear our meals for the time when we will have no firewood," Davis said. The group will probably have to depend on their camp stove towards the end of the journey.

When they head out from Brochet, Davis said it will not be too long after break-up.

"We want to be just behind the ice."

He said the group has to be out of the north before the end of August or the beginning of September when winter starts to set in.

The route, along the Cochrane, Kazan, Ferguson and Wilson Rivers will take the canoeists on the original trail of Joseph B. Tyrrell who first travelled it in 1894.

The group will be paddling their 17-foot prospector canoes about eight hours a day. They get an early start and if they're travelling down stream they can make good progress, Davis said. But there are always times when you have to go

upstream and if the canoeists can manage that well, they will be able to plan trips along any water course and not have to worry about the current.

The prospector canoes are "deep and beamy", Davis says. The canoeists can stand in them without too much risk of tipping, and the canoes also carry weight well.

In timber country, Davis said the group will be busy during the day trying to find a campsite big enough for the five tents.

They will travel through ancient Indian territory so many graves as well as fire rings and old tent sites will be seen.

At Kasmere, Davis says there is a legendary Indian chief who is buried standing up. His grave is placed so he could see his people passing through the narrows on the hunt.

Many of the graves are marked with implements, tools and kayaks which were placed there to help the dead Indian through his next life.

Davis is also hoping that the group might get to see a herd of caribou in their travels, and that the fishing will be good, to add a little variety to their meals.

When the group approaches rapids, the river will have to be checked to see if they can make it or if they will have to portage.

"Scouting the rapids is a must...you know if you screw up you're going to be in trouble," Davis said.

The water is ice cold and the area is extremely remote so there is no room for error. It is man versus his environment.

Davis explained that shooting the rapids in the general purpose prospector canoes was not on the same scale as the popular white water racing. Closed-over boats, like kayaks, would not be suitable for this type of trip and the endurance needed for the ongoing voyage is a lot higher.

"You don't know what it's like until you find yourself in the rapids with your gear spread out over the river. I know how it feels."

Davis said at least two portages would have to be made when the group couldn't make it along the waterways. He remembers his first long canoe trip when he decided to try to make it from Haliburton to James Bay. The trail was long and hard as power dams and log jams got in his way.

He recalls the time he portaged around a power dam only to get to the top and be confronted with a log jammed river for as far as he could see.

With his pack and canoe Davis made it to the highway and hitch-hiked about eight miles to where the river was clear. Sometimes ingenuity is a canoeist's best friend.

When the group reaches Ennadai, the last manned weather station, they will pick up the other

home, but because of the isolation the plane does not keep a regular schedule.

With the siting of Whale Cove will come the feeling of success and the satisfaction of having conquered the wilderness.

But like that of Tyrrell, the first man to cover the route, their success will probably not be written in Canadian history books.

Carnarvon and Minden Jrs. tied for first place

by Helen Burk

Monday, Stanhope ladies travelled to Haliburton to take on the Haliburton ladies. At the end of the fifth inning the teams were tied 5 - 5. Then in the top of the sixth inning the Stanhope team's bats started to connect with the ball and they won 26 - 6. The winners were led by Lorna Wilson, Joan Algar and Darlene Barnhart. Marg Darby got the win while Nancy Maughan took the loss.

Two other games were played on Monday night with the West Guilford team winning 28 - 8. Joan McKay got the win while Lorraine Martin took the loss.

In the other game Wilberforce travelled to Minden to take on the undefeated Minden Jrs. The Juniors got another win with Cheryl Dillon getting her sixth win of the season.

Tuesday the Snowdon Angels played at Minden against the Seniors. The Minden team scored 13 runs in the first inning with homers from Marlene Wilson, Marg Fielding and Barb Barnhart. In the sixth inning Deb McGann hit a grand slam for the home team. The final score was 27 - 6. Nelda Cully was the winning pitcher while Eileen Simmons took the loss.

Also Tuesday night Gooderham played in Wilberforce. Susan Rowbottom pitched a strong game for Wilberforce and won the game 13 - 3. Gail Krupa and Brenda Casey had a good night at the plate for Wilberforce.

Wednesday night the two Snowdon teams met at Lochlin. It was a close game all the way through. The Angels were up 21 - 20 going into the bottom of the seventh. With one out and runners on third and second, Lyn McElwain hit a double to help win the game for the Stompers.

Ontario Municipal Board

IN THE MATTER OF Section 35 of The Planning Act (R.S.O. 1970, c. 349),

and

IN THE MATTER OF an application by The Corporation of the Township of Glamorgan for approval of its Restricted Area By-law 79-14.

APPOINTMENT FOR HEARING

THE ONTARIO MUNICIPAL BOARD hereby appoints Wednesday, the 16th day of July, 1980, at the hour of ten o'clock (local time) in the forenoon at the Municipal Office, Hamlet of Gooderham, for the hearing of all parties interested in supporting or opposing this application.

If you do not attend and are not represented at this hearing, the Board may proceed in your absence and you will not be entitled to any further notice of the proceedings.

In the event the decision is reserved, persons taking part in the hearing may request a copy of the decision from the presiding Board Member. Such decision will be mailed to you when available.

DATED at Toronto this 15th day of May, 1980.

EXPLANATORY NOTE:

Secretary

The above referred to Hearing is for the purpose of obtaining approval of The Ontario Municipal Board to the passing of the Restricted Area By-law of the Corporation of the Township of Glamorgan Number 79-14 which was passed by the Corporation on the 21st day of June, 1979.

The Hearing is for the purpose of allowing all persons affected under the By-law to attend and present planning particulars of support or opposition to the implementation of the By-law by The Ontario Municipal Board.

Curry Motors marks up two wins in Haliburton men's softball play

by Sue Cooper

In a close game last Tuesday night, LaRue Motors beat out the Haliburton Legion.

Sid Cooper came up with the 4 - 3 win over Kevin Sisson.

The Legion held the LaRue squad down until the second inning when Ed Roberts, John Robinson and Greg Bishop all came home.

The Legion remained scoreless until the fourth inning when Kevin Sisson made it home on a hit from Dick McLean.

The next inning was three up, three down for the Legion but the team came on strong in the sixth inning to tie the game with runs from Andy Salvatori and Bernie Nichols.

In the next two innings the tension was high as both teams couldn't get another run in. The Legion batters were put out consecutively in both innings while LaRue managed a couple of hits from Scott LaRue and Sid Cooper but couldn't get them home.

In the bottom of the eighth, John Robinson came in with a run to take the lead for LaRue's. The game was called at the end of the eighth.

Curry Motors came up with

a devastating defeat over Kennedy Surplus the same night. Curry's men blanked Kennedy's team 9 - 0.

Kennedy's first man to bat, Brian Mulholland was put out but Larry Hartin got a hit to first base and made it to second before Ken Lewis and Ron Reid went out.

Kennedy's pitcher, Mulholland walked Ron Perrin to first but he was put out on a sacrifice hit by Tony Salvatori. Salvatori stole his way to third but couldn't make it home. Mark Schell was given his base when he was hit by a pitch and stole second base.

John Wilson racked up the third out before the men could cross the plate.

Curry Motors' pitcher was hot in the second inning as he struck out Norm Greenfield, Pete Lymburner and Roy Burk, only letting Doug Mitchell to first base.

The Curry men still remained scoreless in the second inning as Steve Roberts hit a fly ball along with Art Dawson. Paul Madden was third out when Kennedy's squad got him on a forced play to second base.

Curry's made short order of Kennedy Surplus in the

third inning and came back with three runs to take the lead.

Coming home for the winners were Ron Perrin, Mark Schell and John Wilson.

Curry's squad wound up Kennedy's inning with the first three batters orce again but couldn't get a run in as two batters struck out and another went out on a pop fly.

It was the same old story for Kennedy's team in the next three innings as the batters were put out as quickly as they could get to the plate.

Curry's racked up two more runs in the fifth inning and the four they managed in the sixth gave them the win without playing the bottom of the seventh inning when the game was called.

Curry Motors made another big win on Thursday night as they beat out Haliburton Lumber 9 - 2.

The victors held their opponents down with a quick three outs in the first inning with Ron Perrin coming in with a run for Curry's.

Dwight Sisson got to second base in the second frame for the lumbermen but the next three batters were put

out. They held the Curry team to their one point lead with a short second inning.

The Lumbermen didn't have a chance to get any runs in the next four innings as it was three up, three down every time.

Perrin came in with a run in the third with Mike Carpenter, Andy Salvatori, Mark Schell and John Wilson making to base before three men were out.

The fourth was a big inning for the Curry squad as they

chalked up five runs to make the score 7 - 0. Coming home for the Motors were Mike Carpenter, Andy Salvatori, Mark Schell, Jeff Carpenter, and Paul Madden.

The Lumbermen came up with their first and final two runs of the game in the seventh inning. Derrell Stamp and Gary Brohman made it home for the team.

Curry's marked up the final run with Mike Carpenter coming home again.

Club has anniversary shoot

The Haliburton County Marksman Club held its first anniversary shoot at the range on Bobcaygeon Road north last Sunday.

Events included hand gun .22 rifle, high power rifle and the trap shoot.

Winners of each event received a chicken.

In the hand gun shoot at paper targets over a distance of 20 yards, the highest scorer with five shots was Aldo Solimano.

Cont'd. page 14

Moore flies first homebuilt

Stan Moore flew his airplane for the first time on Thursday.

Moore's new home-built airplane, a "Minicab" GY-20 went for its first official test flight.

It took Moore about three years to build the plane in his workshop. And he was delighted with the results.

On the first flight it flew "hands off" when it was trimmed. It was climbing at about 1,000 feet per minute and Moore says that is not the maximum.

The home-built which is all wood construction with fabric covering is made from a French design that originated in the 1950's.

He said it flies very delicately and Moore seemed more than pleased.

The plane weighs about 755 pounds when empty and

can carry up to 1,335 gross weight.

The airplane is now operating out of his home base,

Stanhope Airport and will continue to do so until it has 50 hours within a 25-mile radius marked up.

When Moore has accumulated that time the airplane, "Ella", will be given a permanent flight permit.

Stan Moore flying Minicab GY-20

Carnarvon ladies still winning

from page 6

Anne Burk got the win while Eileen Simmons took the loss.

Also Wednesday night the two undefeated teams in the league squared off with Carnarvon keeping their unbeaten streak going by beating the Minden Jrs. 28 - 5. Darlene Barnhart had a strong night at the plate for Carnarvon. Marg Darby was the winning pitcher while Cheryl Dillon took the loss.

Thursday, Gooderham could not field a team at Minden.

In the other Thursday night game, Haliburton travelled to Irondale to defeat the home team. Betty Whiteway got her first win while Eileen

Simmons took the loss.

Standings after three weeks of play: Carnarvon, GP - 6, W - 6, L - 0, Pts. - 12; Minden Jrs., GP - 7, W - 6, L - 1, Pts. - 12; Haliburton, GP - 6, W - 4, L - 2, Pts. - 8; Minden Srs., GP - 6, W - 4, L - 2, Pts. - 8; West Guilford, GP - 6, W - 4, L - 2, Pts. - 8; Wilberforce, GP - 6, W - 2, L - 4, Pts. - 4; Snowdon Stompers GP - 6, W - 2, L - 4, Pts. - 4; Snowdon Angels, GP - 7, W - 0, L - 7, Pts. - 0; Gooderham, GP - 6, W - 0, L - 6, Pts. - 0.

Up and coming games: Wed. June 11 - Minden Srs. at Wilberforce; Wed. June 11 - Gooderham at Lochlin;

Wed. June 11 - Snowdon Angels at Carnarvon.

Thurs. June 12 - Snowdon Stompers at Gooderham; Thursday, June 12 - West Guilford at Haliburton; Sunday, June 15 - Minden Srs. at West Guilford; Mon. June 16 - Gooderham, at Haliburton; Mon. June 16 - Carnarvon at Minden Jrs.; Tues. June 17 - Stompers at Minden Srs.; Tues. June 17 - Haliburton at Wilberforce.

Tickets are available from all ball players on a trip to Jamaica. These tickets are only \$2 so get your tickets early.

COUNTY ECHO FAMILY

Extendicare News

by Dr. W.O. Anderson

Our latest resident, Garnet Kellett of Kinnmount, died suddenly, Sunday evening. We scarcely had time to make his acquaintance, but he seemed to be a very likeable chap.

Monday Allen Macklin of Minden joined our ranks. Already he fits in nicely.

Ray Jenkins is the happy winner of our latest quilt raffle, and it could not happen to a nicer guy. At the same bazaar Troy Pearson, son of Ron, got our famed stuffed pussy cat.

Monday evening we were bussed to the Dysart et al Community Centre to view some slight of hand tricks to find quite a group of school children, most of the boys in scout uniform, and a skilled magician with a lot of tricks up his sleeves. He held his junior audience spellbound while it lasted, making animals out of inflated balloons, making a ridiculous cake out of ridiculous additives, yum yum out of yak yak, and above all making these happy children laugh, which is in itself magic. It was a wonderful entertainment both for the junior and ourselves.

June Devolin conducted Bible study Tuesday morning pursuing her plan to study the various Biblical stories. This was Moses in the bull rushes, a story of simple intrigue, of far reaching benefit, though having deceit, no one was adversely affected. Of the many Biblical stories very few have babies as the hero. God works in wondrous ways.

Charlie Fader is still our only centenarian expecting to be 101 years old in November, but we have a close runner-up when in October Walter Fogg also celebrates his 100th birthday and becomes Extendicare's second centenarian. Time flies, doesn't it?

A highlight in a young physician's rural general practice may be of some interest. In January of the winter of 1927-8 with our office at Maynooth (the other end of Petersen Road) and being medical officer of health for the combined townships of Montegale and Herschell at \$100 per annum, we were asked to visit a sick child at Greenview, seven miles out, that the phone caller suspected was diphtheria. There were no roads except for horse and cutter that occupied 1 1/2 hours, for a light team we had. We were reasonably sure it was diphtheria, but took a swab to send to the nearest laboratory at Queen's Park, gave the child all the antitoxin we had in stock, ordering more with the sent specimen, organized a clinic to immunize the

neighbours living in propinquity (that word means sufficiently close) for three days hence, optimism and urgency mixed. Can you believe, in those days in 24 hours Queen's Park was on the phone, giving laboratory confirmation of our diagnosis, a double check because the occurrence of diphtheria in winter was questionable. In another 24 hours, the materials for the clinic and a massive dose of antitoxin for the sick child arrived by mail. We were able without delay to combine the clinic and the house call on the little girl who was still quite ill, having in the cutter in the boot our first born and his registered nurse mother Sadie, the clinic technician helper. The little girl was given the antitoxin and the clinic was given the toxoid including us and the family, in addition, an immunizing dose of antitoxin. The child very slowly recovered, and there were no other persons taken ill. Thinking it over in the years since we can only conclude that what we did was enough but barely and ever since prefer to write in the first person plural. To sterilize the syringes and precious needles, Sadie made do with a sauce pan on the big box wood stove in the little red school house where the clinic was held.

Thursday flower gardening became the popular thing when the ladies put out some 30 seedlings which should add much popularity to Extendicare's landscape this summer.

We are looking forward to attending the Stanhope Air Show.

Horses are bilingual too so be careful when you buy one. Pastor Rick Brewster conducted our devotional period Friday morning with Marjorie Renick at the piano to accompany our singing. Mrs. Brewster read the 121st psalm, that if you are troubled, read it yourself and obtain peace. Pastor Rick took his text from the book of Revelations ch. 21, v. 1-7, describing heaven. If you wonder sometimes what heaven is like, read that also.

Some words have humour as for instance comparing the yolk of an egg with a yoke of oxen, or the poke of a pig with a poke of a man.

Movies were shown Friday afternoon. 1. Ruth Stout's garden, a garden that needs no hoeing or weeding or watering yet yields abundantly. She plants then strews straw to cover the surrounding soil. This discourages weed growth and retains the moisture. It makes us wonder why all gardens are not kept that way, including a clinic to immunize the

Teachers, Laura Aymong, Rosemary Kenney and Wendy Gough ham it up at a fashion show held at Haliburton Highlands Secondary School, last Wednesday night. Students modelled this summer's fashions which were supplied by local clothing stores and also hand-made by the girls themselves.

Harcourt Chapel News

Although people voice dissatisfaction with the mail service in our country, it still proves itself as the life-line for many worthy Christian organizations whose support request can become a large part of our daily mail. To ignore these requests is to close our eyes to a needy and starving world. At the same time, one cannot support each individual request, however, the time has approached that we must have a concern. Take a few minutes and read the letters. Sort out a worthy Christian work of your choice and share the blessings in store for you as you become a partner.

Harcourt Chapel became a share partner with World Vision of Canada some years ago when it just sponsored a little girl in Indonesia. Recently Paula Amos had her 15th birthday and the Chapel Young Teen class mailed a birthday gift of \$10.00 from their love offerings. Letters received back in Paula's native language, along with the interpreter's makes our children even more aware of how a little does a great deal for others. The sponsorship was increased when Issam Al Karek of the Cedar Rehabilitation Centre in Lebanon was given support. Issam was crippled by polio. Recently he has left the centre and sponsorship is now given for Ali Ajara, an eight-year old boy.

A number of individuals in the area and other churches sponsor children through World Vision and other organizations. They too receive a great joy in sharing. You also can become a share

partner. The chapel ladies meeting held Monday evening was a time of sharing and testimony. Plans were also arranged for a bridal shower to be held in the chapel June 21st in honour of Wanda Andrews.

Both the east and west bible study groups had a good attendance. The Young People's regular gathering on Friday evenings has concluded for the summer months, however this coming Saturday evening they have been challenged by West Guilford Young People's to a game of baseball.

Saturday looks like a busy day for all children and parents attending Harcourt Chapel, and we trust an

Senior League

by Linda English

Spring is the time of year when flowers begin to bloom, and the weather gets warmer every day. This past week or so our residents haven't been able to enjoy the nice weather because of the flu. Many of our residents have been sick, but our terrific nursing staff has nursed everyone back to health. Needless to say, not many people were able to participate in the activities, but those who were made the best of the situation. We had our regular fun and fitness program and crafts on Monday.

Rev. Smith of the Baptist Church in Haliburton held an inspiring service in the Chapel on Tuesday morning. Agnes Taylor was here once again to play the organ for us. Later in the afternoon, it was movie time and this week, we viewed two very interesting films. "About Cats" showed us the many different breeds of cats, and their characteristics. Interesting to note is that all cats are colour blind. This film also told us how we are responsible for the health and welfare of our pets.

"Return of the Swan" showed us the migration of the whistling swans. These birds are bred in the Northwest Territories and migrate to the sanctuary in the town of Alymer, Ontario. Their migration was described as "natural beauty in flight". Tuesday, June 3, was a special day for Emma Stutt.

She celebrated her birthday, and was presented with a lovely decorated cake by the kitchen staff. Everyone joined together to sing happy birthday and we wish her many more.

The A.C.W. from Wilberforce brought an assortment of sandwiches and homemade goodies for the Thursday tea party. Our residents always enjoy the homemade treats and we would like to thank all the groups for making our weekly tea party an event to look forward to.

Friday afternoon, it was a pleasure to welcome Grace Coburn back to lead the singing. Mr. Fred Ballard was

here to play the organ for us while we sang some old favourite hymns and songs.

Don't forget, the over seventies dinner on June 17 at 5:30 p.m. All those who are planning to attend, please call Hyland Crest, 286-2140 before June 13 for reservations.

58 HHSS students are exempted

The staff of Haliburton Highlands Secondary School this week extended congratulations to the students listed below who were exempted from writing all final examinations.

A1A - Glen Clarke, Karen Gillespie, Lynne Stamp
A1B - Dana Collier, Chris Hartin, Leigh Street, Jennie Woods
G1A - Melanie Dewey, Fred Roberts, Karen Stewart
G1B - Esther Cooper
B1A - Diane Wood

THE CORPORATION OF THE TOWNSHIP OF GLAMORGAN

NOTICE

Pursuant to approval granted by The Ontario Municipal Board, notice is hereby given to the Ratepayers of the Township of Glamorgan, Municipality of Dysart et al, Municipality of Snowdon, Municipality of Galway-Cavendish and Municipality of Monmouth of:

NOTICE OF APPLICATION

TO THE ONTARIO MUNICIPAL BOARD BY THE CORPORATION OF THE TOWNSHIP OF GLAMORGAN FOR APPROVAL OF A BY-LAW TO REGULATE LAND USE PASSED PURSUANT TO SECTION 35 OF THE PLANNING ACT

TAKE NOTICE that the Council of the Corporation of the Township of Glamorgan intends to apply to The Ontario Municipal Board pursuant to the provisions of Section 35 of The Planning Act for approval of By-law No. 80-11 passed the 20th day of May, 1980. A copy of the By-law is furnished herewith and a note giving an explanation of the purpose and effect of the By-law and stating the lands affected thereby is also furnished herewith.

ANY PERSON INTERESTED MAY, within twenty-one (21) days after the date of this notice, send by registered mail or deliver to the Clerk of the Township of Glamorgan notice of objection to approval of the said By-law or part thereof, giving details of all or the portion of By-law to which you object and detailed reasons therefore, and shall indicate that if a hearing is held the objector or an agent will attend at the hearing to support the objection.

ANY PERSON wishing to support the application for approval of the By-law may within twenty-one (21) days after the date of this notice send by registered mail or deliver to the Clerk of the Township of Glamorgan notice of his support or approval of the said By-law together with a request for notice of any hearing that may be held giving also the name and address to which such notice should be given.

IN ACCORDANCE WITH THE BOARD'S DIRECTION the Appointment for Hearing said By-law 80-11 will be Wednesday, the 16th day of July, 1980, at the hour of ten o'clock (local time) in the forenoon at the Municipal Office, Hamlet of Gooderham for the hearing of all parties interested in supporting or opposing this application.

THE LAST DATE FOR FILING OBJECTIONS will be July 2, 1980.

DATED AT THE TOWNSHIP OF GLAMORGAN the 11th day of June, 1980.

Elva V. Bates, A.M.C.T.,
Clerk-Treasurer,
Township of Glamorgan,
Box 70,
Gooderham, Ontario, K0M 1R0

NOTICE TO RATEPAYERS

THE MUNICIPAL OFFICE,
of GOODERHAM

— TO —

THE FIRE HALL,
HAMLET OF GOODERHAM

EXPLANATORY NOTE

PURPOSE OF ATTACHED BY-LAW

The attached By-law serves to amend various sections and provisions of Restricted Area By-law No. 79-14, the comprehensive zoning By-law of the Corporation of the Township of Glamorgan. Upon circulation of the comprehensive By-law, objections were received. The attached By-law amendment serves to resolve several of the objections and in addition serves to clarify the intent of various clauses and provisions.

LAND AFFECTED:

The lands affected by this amendment may generally be described as the whole of the Township of Glamorgan save and except for those lands zoned within a non-residential zone such as a commercial or industrial zone in accordance with the provisions of Restricted Area By-law No. 79-14.

EFFECT OF BY-LAW:

Restricted Area By-law No. 79-14 as enacted by Council on June 21, 1979 required a minimum gross floor area of 84 square metres (ie. 900 square feet) for a single-family dwelling unit. Upon circulation of By-law No. 79-14 a number of objections were received in this regard. Accordingly, Council reviewed the objections and has enacted the attached By-law to reduce the minimum gross floor area requirement for either a permanent or seasonal dwelling unit to 70 square metres (ie. 750 square feet).

The attached By-law further serves to amend Section 10.1, Accessory Buildings, Structures and Uses of Restricted Area By-law No. 79-14 so as to permit the erection and use of a private cabin in conjunction with a permanent or seasonal single-family dwelling house within either the Rural or Shoreline Residential Zones as an accessory structure to the principal permitted use. The regulatory provisions imposed with respect to development and utilization of such an accessory building requires that

- I the that ground floor area not exceed 20 square metres (ie. 215 square feet);
- II that the height not exceed 5 metres (ie. 16 feet),
- III that the structure does not include any facilities for the cooking or preparation of food nor plumbing appurtenances or sanitary conveniences; and,
- IV that such a private cabin comply with the yard and setback requirements of the Zone in which it is situated as set forth under Restricted Area By-law No. 79-14.

The amending By-law further serves to amend Section 10.6, Frontage on Public Street, Private Right-of-Way or Navigable Waterway, insofar as is necessary to exempt a hunt camp from the provisions of By-law No. 79-14 requiring frontage upon an improved public street provided all other pertinent provisions of the By-law are complied with.

In addition to the foregoing, this amendment to Restricted Area By-law No. 79-14 also serves to amend the definitions of Hunt Camp and Motor Vehicle as set forth under Sections 11.71 and 11.95 respectively of By-law No. 79-14. The amendment of the wording of the aforementioned definitions is to clarify the intent of same.

THE CORPORATION OF THE TOWNSHIP OF GLAMORGAN

BY-LAW NO. 80-11

A BY-LAW TO AMEND RESTRICTED AREA BY-LAW NO. 79-14

WHEREAS the Council of the Corporation of the Township of Glamorgan enacted a comprehensive Restricted Area By-law, namely By-law No. 79-14, to regulate the use of land and the character, location and use of buildings and structures within the whole of the Municipality;

AND WHEREAS upon circulation of the said By-law numerous objections were received with respect to the provisions and regulations set forth thereunder;

AND WHEREAS the Council of the Corporation of the Township of Glamorgan has given serious consideration to those objections regarding such matters as the minimum gross floor area per dwelling unit and the restrictions applying to the erection and use of private cabins in conjunction with a permanent or seasonal single-family dwelling house within either the Shoreline Residential (SR) or Rural (RU) Zones;

AND WHEREAS the Council of the Corporation of the Township of Glamorgan has given further consideration to the provisions of Restricted Area By-law No. 79-14 as apply to restrict the erection of buildings or structures to those lots having frontage upon an improved public street and considers it advisable to exempt hunt camps from the said provisions;

AND WHEREAS the Council of the Corporation of the Township of Glamorgan has reviewed various other provisions and matters and further considers it advisable to amend various sections so as to clarify the intent of By-law No. 79-14;

NOW THEREFORE the Corporation of the Township of Glamorgan ENACTS as follows:

1. **THAT** Schedule "C", Provisions for Residential Uses, of Restricted Area By-law No. 79-14, be and the same, is hereby amended by deleting the minimum gross floor area per dwelling unit requirement of 84 square metres as it appears in Line 9 of Columns "B", "C", "D", "E", "F", "G", "H", and "I" of the said Schedule "C" and inserting therefor a minimum gross floor area requirement of 70 square metres. In all other respects the provisions set forth on Schedule "C" shall remain the same.

2. **THAT SECTION 10.1, ACCESSORY BUILDINGS, STRUCTURES AND USES**, of Restricted Area By-law No. 79-14 of the Corporation of the Township of Glamorgan, be and the same, is hereby amended insofar as is necessary to insert a new subsection which shall read as follows:

"1 PRIVATE CABIN

Notwithstanding any other provision contained within this By-law to the contrary, a private cabin may be erected and used in conjunction with either a detached permanent or seasonal single-family dwelling house on a lot within the Shoreline Residential (SR) or Rural (RU) Zones, provided the ground floor area of such cabin does not exceed 20 square metres; the height does not exceed 5 metres; the structure does not include any facilities for the cooking or preparation of food nor plumbing appurtenances or sanitary conveniences; and, provided further that such private cabin complies with the yard and setback requirements of the zone in which it is situated."

3. **THAT SECTION 10.6, FRONTAGE ON PUBLIC STREET, PRIVATE RIGHT-OF-WAY OR NAVIGABLE WATERWAY**, of Restricted Area By-law No. 79-14 of the Corporation of the Township of Glamorgan, be and the same, is hereby amended insofar as is necessary to add a new subsection which shall read as follows, namely:

"d. EXCEPTIONS

Notwithstanding any other provision of this Subsection as set forth under paragraphs (a), (b) or (c) hereof, the provisions of this By-law shall not apply to prohibit the erection, alteration or use of a hunt camp, or buildings or structures accessory thereto, within the Rural (RU) Zone, provided that all other applicable provisions of this By-law are complied with."

4. **THAT SECTION 11.71**, the definition of "HUNT CAMP", of Restricted Area By-law No. 79-14 of the Corporation of the Township of Glamorgan, be and the same, is hereby deleted in its entirety and the following inserted therefor to read as follows:

"11.71 HUNT CAMP"

Shall mean a building or structure consisting of one or more rooms which is at least partially furnished and may include facilities for the preparation of food and overnight accommodation on a temporary basis for use during the hunting and fishing seasons only but shall not include any other establishment or use as may be defined or classified in this By-law."

5. **THAT SECTION 11.95**, the definition of "MOTOR VEHICLE" of Restricted Area By-law No. 79-14 of the Corporation of the Township of Glamorgan, be and the same, is hereby deleted in its entirety and the following inserted therefore to read as follows:

"11.95 MOTOR VEHICLE

Shall mean an automobile, truck, motorcycle, and any other vehicle propelled or driven otherwise than by muscular power; but does not include the cars of electric or steam railways, or other motor vehicles running only upon rails, or a motorized snow vehicle, traction engine, farm tractor, self-propelled implement of husbandry or road building machine within the meaning of The Highway Traffic Act, R.S.O., 1970, c. 202, as amended, replaced or re-enacted from time to time."

6. **THAT** this By-law shall become effective on the date of passing thereof by the Council of the Corporation of the Township of Glamorgan, subject to the approval of the Ontario Municipal Board.

THIS BY-LAW READ A FIRST, SECOND and THIRD TIME and passed in Council this 20th day of May, 1980.

Mr. R. Fotheringham, Reeve

Elva V. Bates, Clerk-Treasurer

DISTRICT NEWS

Stanhope Notes

by Alex Stevenson

The best measure of an elected representative's value is his readiness to speak out in the public interest, and this can best be determined by those who attend meetings where matters of public interest are considered. Such areas may include senior government legislative meetings, (though they may not be always too uplifting) County Council, township or other municipal meetings or other meetings discussing the public interest. Stanhope Township has been well represented in this area at County Council and particularly on the subject of acid rain or atmospheric pollution and the resulting fall-out.

Both the reeve and the deputy reeve have expressed their concern on this subject and at the recent meeting of Haliburton County Council, Stanhope Reeve Jim Harrison spoke out, following the address to council by Dr. Tom Brydges on the subject of acid rain and liming of the lakes, to present a resolution calling on the federal and the provincial governments to work energetically to achieve an international treaty between Canada and the United States to bring about control of atmospheric pollutant emissions at the source. Because an earlier resolution had been sent to a previous government, County Council decided that a letter would be sent calling attention of the incumbent government to the concern of the people of Haliburton County over the threat to the economy and the environment resulting from continuing unabated pollutant fall-out.

This is something which every person should support - and do it by writing to the federal Minister of Environment and send a copy to the Minister of Environment for Ontario. Let them know of your concern and desire to see a start on what will be a long drawn-out process to bring about international controls. There is still a tomorrow in the acid rain situation in this area, but ten or twenty years down the road there may be no day after tomorrow. Think about it - think about the young people of today, they have the same right to the tomorrows enjoyed by those of us who are much older - the tomorrows when we could count on clean air, clean rain, unpolluted lakes and unpolluted soil. Sure, pollution's death knell is some distance down the road, but every day of inaction, every month of indifference, every year of tolerance of the gradual destruction of the environment, only brings

closer the day when a future generation will look with contempt on today's generation for failing to initiate an effort to preserve the environment. All people should be concerned and should inform the federal and provincial Ministers of Environment of the fact that only international control of atmospheric pollutants is acceptable, and that any other methods of meeting the acid rain threat are temporary, expensive, and at the best, a losing battle without proper abatement of pollution at the source.

Don't forget the dance Saturday, June 14, at the Stanhope community centre hall. This is the pre Fly-In dance which is being held by the Stanhope firemen in conjunction with the Airport Committee who are having their annual Fly-In on Sunday, June 15. Plans are going ahead for the Stanhope Fun Days, July 26 and 27, and one of the new events for this year will be the bingo games which Art Hunt has offered to conduct for the Saturday part of the program. This is a very generous offer of support for the committee's efforts, and

thanks are due to Art for providing this help. This is a time when things are a bit tense for the committee in the matter of planning the most efficient use of the time, space and helping hands available to carry off the events, but chairman, Ann Barker, is directing efforts to achieve a successful occasion.

In the matter of the excitement over the lakeshore allowances one thing seems to stand out pretty clearly, and that is the need for those anticipating taking advantage of the opportunity to acquire this frontage to realize that there will be delays until such time as the Ministry of Housing decides what their policy will be in regard to this disposal of public property in incorporated municipalities as opposed to non-incorporated townships. This is a delay which cannot be blamed on the councils of the various incorporated municipalities involved, since they can only wait for a decision of the provincial authorities before any intelligent action can be taken on the matter.

Coboconk News

by Shiela Lake

Grades 3 and 4 enjoyed a bus trip to Lang Pioneer Village on May 29 and on May 28, Grades 5 and 6 enjoyed a bus trip to the Shrine at Midland and to Midland, St. Marie and Huron Village.

A track and field meet at Kinnmount on Wednesday against the northern schools saw Coboconk taking first place, Burnt River, second, Norland, third and Kinnmount fourth place.

The Coboconk Public School meet for track and field was held a week ago and the following are several events held. The Grades 1 - 8 participated in the four levels.

The gold medal in the girls

primary went to Tracy Bradimore in the 50 metre run with seconds in the running long jump, ball throw and standing long jump.

Catrina Guioetto was the gold winner in the junior girls group with three firsts. Catrina won a first in the ball throw, the running long jump and high jump.

A first also went to Donna Hannivan in the 100 metre, 200 metre, running long jump, the standing long jump and placed first overall in the intermediate girls class.

The senior age group prize went to Shiela Beaudoin who placed first overall, winning four firsts. Shiela won the 100 metre, the running long

Cont'd. page 12

Haliburton Brownies were recognized for "flying up" at a recent banquet. Advancing to Girl Guides will be, front row, left to right, Angela Smith, Shanon Curry, Beth Johnston, Kim McCracken, Beth Burton,

Jennifer Pearson, Marsha Bain and Sherry Scully, back row, Trina Roberts, Heather Creelman, Jodi McKnight, Lynn Vanderwekken, Marsha Burke, Tina Bailey and Nora Morrison.

Norland Notebook

by Barbara Maunder

Deputy-reeve Voutier was chairman for the township council meeting on Wednesday, June 4 as reeve Ridgway was absent. Arthur Robson was present to discuss the North Shore Head Lake closure by-law and a motion was passed that Wm. R. Coe be authorized to proceed with a reference plan for the conveyance of shore reserves abutting plans 543 and 388 at a cost of \$1805. This sum is to be recovered from the individual property owners prior to the signing of the deeds at the rate of \$37 per lot. The shore reserve abutting these two plans (543 and 388) is to be sold at a price of \$2 per foot with a maximum payment of \$500 for land.

Council endorsed the petition of the Town of Exeter calling for strong federal protest over the recent killing by Russians of Afghan school children. A letter of resignation from Mervin Teel was accepted with regret. The clerk was instructed to write to Ross Bailey, re: Greenwood Road, Rush Lake

and inform him that: 1. The road has not been assumed as it was never built to M.T.C. standards when the subdivision was developed; 2. The road is not suitable for plowing in its present state and; 3. Gravel has already been put on it and paid for out of general funds.

The recreation committee reported that the use of the Ward Memorial Park ball field by other groups would be very limited because of local baseball schedules and there is no free evening or weekend time open for others to use it.

Councillor Graham agreed to hire a caretaker to look after Norland Beach property on Shadow Lake during the summer months.

Council accepted the tenders of Ken Morris Ltd. and Lafferty-Smith Ltd. for the supply of liquid calcium at \$121.80 a ton.

By-law #9-80, being a levy by-law for 1980 was read three times and passed as was By-law #10-80 to authorize the sale of land.

The by-law enforcement

officer was authorized to attend a seminar in Toronto on the Provincial Offences Act with the \$47.50 registration fee being paid by the township.

Council is to meet again on Wednesday, June 11 at 7:15 p.m. to clear up unfinished business.

All 10 years old and up are invited to the Norland Youth Group Dance on Friday, June 20, the last day of school for this year for the students of Norland Public School. Come out and celebrate at the Norland Community Hall from 8:00 to 11:30 p.m., records will supply music for dancing, refreshments available from the snack bar and admission is only \$1.50 each. Today (June 6) marks the final day for this year of school for our secondary school students who attend Fenelon Falls high school. Some must still return to write final exams but all are looking forward to a carefree and fun summer.

The exhaust fans have been installed and wired in the Norland Community Hall

and should be an asset in alleviating the smoke that seems to accumulate at the dances.

Congratulations to Mrs. Donna Cook of Head Lake who had her entry drawn on Saturday, May 31 at the Norland Red and White store and won the Philips coffee maker. This is the last week of the contest to win a Philips kitchen appliance. All eligible entry forms will then be collected and four potential grand prize winners will be drawn. They will fly to Los Angeles for an eight-day holiday for two which includes hotel accommodation and \$500 spending money. Most people would enjoy winning a prize like that!

Norland Women's Institute regular meeting was in the W.I. hall on Monday, June 2 with members answering the roll call with a favorite, easy summer dessert recipe. Much of the meeting was spent quilting the double bed size quilt that the ladies had assembled earlier this year. It, as well as other hand-

Cont'd. page 11

Farm News and Views

100 Ontario 4-H members, selected for their leadership potential, will spend one week at an isolated island camp near Dorset, Ontario, to test their leadership skills, June 15 - 22.

The young people, aged 16 to 19, are outstanding members from 4-H agricultural clubs across the province. They are chosen because of their 4-H and community involvement and their leadership qualities.

The camp is held each year to give potential leaders training experience that will help them become better club members.

Attending from Victoria County is John Connell, as 4-H delegate. The delegates are divided into crews, with first mates and captains, and are responsible for organizing activities and performing daily duties.

The delegates spend the mornings in small groups discussing styles of leadership and learning about their own strengths and weaknesses. The afternoon program allows the delegates to get involved in special interest sessions, such as public speaking and money management.

Extension staff of the Ontario Ministry of Agriculture and Food act as teachers and advisors during the sessions. They also evaluate the progress of each delegate during the course of the program. Mark Leahy, Associate Agricultural Representative for Victoria and Haliburton Counties will be a staff member.

Unique Peachlands threatened

Do you enjoy eating peaches? All of us in the Lindsay Agricultural Office do.

Last week the annual conference for Extension and Home Economics Branch staff was held at Brock University in St. Catharines, in the heart of the Niagara fruitbelt.

During the time we were at the conference, we learned a

lot about peaches.

In Ontario the only area which has the necessary climate for peaches is the Niagara area. And in fact, it is only that narrow band of land between the escarpment and Lake Ontario, in which peaches can be grown.

Over the years peaches have been planted in other parts of South-western Ontario. Few of these orchards still exist, as the climate just wasn't suitable. The problem is cold winter nights - even a few hours of extreme cold can kill a peach tree.

The other requirement for peaches is good drainage. Peaches just won't survive if the soil around them is too wet.

Now the Niagara area is generally a heavy clay soil which is poorly drained. This means that only a limited acreage of lighter soils with good drainage can support peach orchards.

Grapes grow well on the heavier wetter soils. This explains why some fields are in peaches and others are growing grapes in the Niagara area.

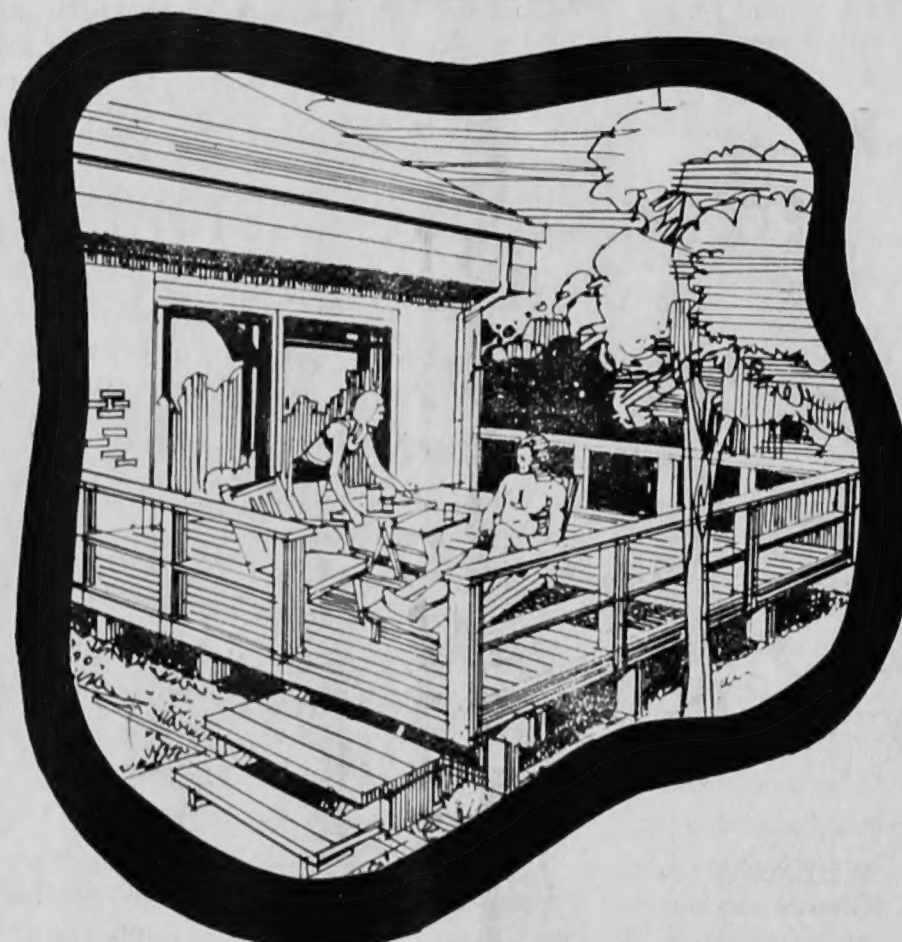

In fact, today every acre of land which is suitable for peaches, is already planted to peach trees.

The other fact we learned about Ontario peaches is how delicious they are. Remember those "rubbery" textured peaches we've all bought in cans? Well those peaches were grown someplace else in the world, not in Ontario.

Now, here's the problem for peach lovers.

Many of those limited acres of ideal peach growing land could easily become subdivisions, or factories or new highways for tourists to travel on, etc. If they do get used for these purposes then we'll have trouble getting future supplies of delicious Ontario grown peaches. There is just nowhere else where they can be grown.

The Expropriations Act

NOTICE OF APPLICATION FOR APPROVAL TO EXPROPRIATE LAND

IN THE MATTER OF an application by the Corporation of the Provisional County of Haliburton for approval to expropriate land being part of Lot 18, Concession VII in the Township of Guilford in the Provisional County of Haliburton for the purpose of the reconstruction of the Kennis Lake Road (County Road #7).

NOTICE IS HEREBY GIVEN that application has been made for approval to expropriate the land described as follows: Parts 9, 10, 11, 13, 14, 15, 16, 17, on Registered Plan 19R-2095.

Any owner of lands in respect of which notice is given who desires an inquiry into whether the taking of such land is fair, sound and reasonably necessary in the achievement of the objectives of the expropriating authority shall so notify the approving authority in writing.

(a) in the case of a registered owner, served personally or by registered mail within thirty days after he is served with the notice, or, when he is served by publication, within thirty days after the first publication of the notice;

(b) in the case of an owner who is not a registered owner, within thirty days after the first publication of the notice.

The approving authority is The Corporation of the Provisional County of Haliburton, Box 399, Minden, Ontario.

THE CORPORATION OF THE PROVISIONAL COUNTY OF HALIBURTON
W.E. Obee, County Engineer

NOTES

1. The Expropriation Act provides that,

(a) where an inquiry is requested, it shall be conducted by an inquiry officer appointed by the Minister of Justice and Attorney General;

(b) the inquiry officer,

(i) shall give every party to the inquiry an opportunity to present evidence and argument and to examine and cross-examine witnesses, either personally or by his counsel or agent, and

(ii) may recommend to the approving authority that a party to the inquiry be paid a fixed amount for his costs of the inquiry not to exceed \$200 and the approving authority may in its discretion order the expropriating authority to pay such costs forthwith.

2. 'owner' and 'registered owner' are defined in the Act as follows:

'owner' includes a mortgagee, tenant, execution creditor, a person entitled to a limited estate or interest in land, a committee of the estate of a mentally incompetent person or of a person incapable of managing his affairs, and a guardian executor, administrator or trustee in whom land is vested;

'registered owner' means an owner of land whose interest in the land is defined and whose name is specified in an instrument in the proper registry, land titles or sheriff's office, and includes a person shown as a tenant of land on the last revised assessment roll;

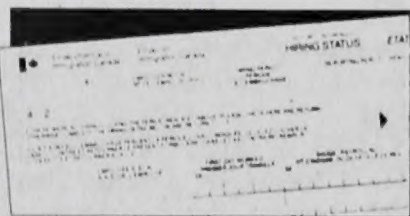

3. The expropriating authority, each owner who notifies the approving authority that he desires a hearing in respect of the lands intended to be expropriated and any owner added as a party by the inquiry officer are parties to the inquiry.

This notice first published on the 11th day of June, 1980.

A new way to detect Unemployment Insurance abuse.

Most people getting unemployment insurance play by the rules. But some people don't seem to know that they can't take a job and collect benefits without telling us they're working. That's why employers are being asked to send us the starting date and Social Insurance Number or extracts from computer payroll tapes for each employee they hire or rehire. This information is cross-checked with the Social Insurance Numbers of people receiving unemployment insurance benefits. Only cases of potential abuse will ever surface. After investigation, anyone found receiving benefits to which they are not entitled will have to repay them.

It may be an honest mistake. Some people forget or don't understand they must tell Unemployment Insurance and report their total earnings when they start

Social Insurance Numbers of newly-hired employees are now being cross-checked with those of people receiving unemployment insurance benefits. Only cases of potential abuse will ever surface.

a new job. In that case, repayment is all that's required. But, a penalty or prosecution may follow when the new system detects people wrongly collecting benefits.

If you are collecting unemployment insurance benefits, and start a new job, please say so on your UI claimant report card.

Kinmount Korner

by Millie Moss

Hi everybody, all is well I hope. Stay that way.

Mr. and Mrs. Wm. Moore of RR 1, Kinmount, their son, Bill Moore, Toronto, their daughter, Maureen Hughes with her husband, Robin and their two boys, Robin and Justin, all of Etobicoke, celebrated with dinner in Peterborough on May 30, the occasion being Maureen's graduation from Trent University with her Bachelor of Science degree. Congratulations Maureen, your family must be very proud of you.

Helen and Alex Graham are now residing in their new home in Norland and are very busy at the moment with new gardens and decorating. We hope you have many happy years there and don't forget it's only 10 miles to Kinmount.

There was quite a heavy rain Friday and Saturday through the night but the gardens sure need it.

Congratulations to Vi Crego on her jackpot win on the 60th number at St. Joseph's

Hall in 'Caygeon on Monday night.

Well folks, some time ago I told you we'd be celebrating Xmas twice this year, at our house and the first one would be in celebration of Helen and Alex Graham's return home. Sunday, June 1 was the day and over 50 most welcome guests arrived from Toronto, Weston, Norland, Cobocok, Kinmount, Norwood, Jackson's Point, Urterson, Huntsville, Elora, Milton and Florida. There was lots of food, good gabbing and we all trooped downstairs to a small Xmas tree where the guests of honour opened up some beautiful but belated Xmas gifts. They made a few short speeches and everyone just kind of relaxed and visited. Some of the visitors hadn't seen each other in a very long time so it was an enjoyable day. There were two pairs of newlyweds present, Mr. and Mrs. Tom Funston of Milton, and Mr. and Mrs. Sellard Wilcox, presently staying at the bride's home in Elora but

leaving in the near future for the groom's home in Florida. A third couple present will be wed Saturday, June 7 and they have been mentioned in a past issue but nevertheless much happiness is wished for you, Johanna and Robert. I would personally like to thank all who attended and helped me in any way towards making Helen and Alex' day. We should do things like this more often, helps everyone keep in touch. Was pleased to see our new neighbours come in for the party as they had moved into their home, next door to us, only the day before. Their daughter-in-law is staying with Mrs. Hyams for a few days and will then be leaving for Europe. Bon voyage to a very nice lady. Mr. Hyams had to leave for Toronto and his job but will be back to Kinmount to make his home very soon now. The eldest lady at the party was coming up 85 and the youngest lady was 5 months. The men wouldn't say!

Win and Bill Wilson, RR 1, Kinmount and Jean and Bob Hollobon, Pickering, stopped in for a short visit with us on Monday. Pleasure having you.

Betty and John Lonsdale are visiting at Port Severn this week.

There was a meeting held May 29 to prepare the way for the annual cemetery service, which this year will be observed in the Kinmount cemetery, Sunday, July 13, at 2:30 p.m. It is an interdenominational service and it is hoped many of you will attend and join in with the Anglican, Baptist, Catholic and United Churches participating. In the event of rain there will be a change of place, to the Kinmount, Canadian Legion. There will be cookies, tea and coffee served at Bill and Ruth Menard's home at the back of the cemetery, following the service. Try to make a point of coming out and joining in with this beautiful service. It will be time well spent.

Father Brooks, Ruby Schell, Ethel and Les Swanton were recent evening guests of Irene McIlwain and Chas. Molyneux, Kinmount.

The Kirkfield and District Lions will be holding a "Lion's Day", August 2 and from some of the reports I received last year, it's a day you shouldn't miss. There will be an auction starting at 12 noon, to be held in the public school and for this occasion, the Lions are requesting anyone who has anything at all they wish to donate please get in touch with any of the following numbers to arrange for a

pickup of your articles: 438-3748, 438-3555, 438-3106 and 426-9181. The proceeds of the auction help the Lions do the wonderful services they do, for people who need it. Remember the adage "there but for the Grace of God go I" and besides you probably have lots of things around the house you don't use anymore and this is a good chance to get it out of the way and at the same time help someone else. Following the auction there will be a beef bar-b-q with all the trimmings and that will be held from 5 p.m. to 7:30 p.m. and then to work off all that good food, a street dance will start at 8:30 p.m. and continue on 'til 1 a.m. featuring non-stop live music and disc jockey. If you wish to attend the Bar-b-q it will be \$6 and if you prefer just to dance, it will be \$2.50 but why not take advantage of the whole day and you can save a dollar by buying the combination ticket for both food and dance at \$7.50. See you there!

Sorry to hear Win Wilson feeling under the weather on Tuesday.

Mrs. Hyams and daughter-in-law left for Toronto and Mitchell on Wednesday. Renee to prepare for her European tour. I understand she later intends spending some time in Australia. A retirement party is planned in Toronto for Ken Hyams before they come to Kinmount permanently in about two weeks.

Bill and I spent a pleasant hour or two at Helen and Alex Graham's new home on Tuesday and they are still talking about the party last

Chatting with Irene

by Irene Moore

Being of a curious nature, I like to look up words in the dictionary to see if the definition there corresponds with what I think the word means. A word I looked up recently was "neighbour"; one definition of this word is friendly so let us all be good neighbours. Few things in life are so deeply appreciated as the friendly spirit that exists among neighbours. It is one of those things that make life happier. The spirit of neighbourliness of one of the true

foundations of "good citizenship".

Mr. and Mrs. Phil Robinson visited with friends and relatives in Lindsay last Tuesday.

Next week is being declared "Senior Citizens Week". One thing that has puzzled me at times is why do so many define a senior citizen in so many different age groups. Oh, I know the government says 65; but some places say 60 and some 70. No wonder small children get mixed up

and think all grown-ups are old.

Mr. and Mrs. Lloyd Brownridge of Scarborough spent last week at their cottage.

Congratulations to Norma Davies who won \$450 last week in the curling club draw.

Mrs. Alice Rivers is home again after a month's visit with those of her family who live in the west.

The June meeting of the U.C.W. was held in the form of a pot luck supper, last

Tuesday at the church hall. After the supper a short business meeting was held, after which the remainder of the evening was spent playing different card games.

Miss Laura Bird of Toronto spent a few days with her parents recently.

Last Sunday was the United Church Sunday School picnic and even if it was a very chilly day, a good crowd was at Twelve Mile Lake and had an enjoyable time.

Mrs. Max Jackson was the winner of the food processor in the last draw at Minden Red and White store.

Mr. and Mrs. Harold Morgan are home after a visit with the John Morgan's in Munich, Germany.

Next Wednesday June 18 is the Women's Institute pot luck luncheon at the United Church, 12:30 p.m. Don't forget to bring your own cutlery and dishes so there will be no washing up to do. Also ladies of the W.I. remember to bring in your money aprons. All ladies are cordially invited to attend.

Mr. and Mrs. Bert Chamberlain of Scarborough visited with Mr. and Mrs. Wm. Moore on Sunday.

You know you can never do a kindness too soon, because you never know how soon it will be too late.

Cont'd page 13

Harcourt News

from page 6
exciting one. The annual Sunday School picnic will be held at Thomas' on Lake Wilbermere. A full program is in store including swimming. We hope the weatherman gets the message.

The Sunday School attendance was excellent with a number of visitors from Peterborough and other points. It was awards Sunday for children achieving the requirements for the quarter year.

Sunday evening attendance was down a little as two groups were assisting with services elsewhere. A group of Young People from the Chapel assisted in a ministry of song at the Gooderham United Church while three of our senior Young People

assisted in a similar ministry at Coe Hill. Mr. and Mrs. Francis Noble of the Salvation Army attended and brought a message in song.

Miss Linda Sibley gave a presentation of her work and experiences with the Bible and Medical Missionary Fellowship (BMMF) International. Linda has been a very faithful part of the Harcourt Chapel ministry from a very young age in Sunday School and Young Peoples. Three years ago Linda left a teaching career to serve with BMMF and a commissioning service was held for her at the Chapel. Commissioning officer Mr. Campbell drew his text from Romans 8:28 which Linda made reference to in her message. Linda left Canada for Pakistan where

she served in the capacity as teacher and spiritual guidance at the Murree Christian School. She related that of the 75 million population in Pakistan, 90 percent are Moslem and of the remaining numbers, only 1 percent are Christian. A real challenge and yet hunger for learning and knowledge of newer industrial techniques exists among the people. During the school holidays Linda travelled to Kunri, where she assisted in the mission hospital.

Due to very severe allergies it was necessary to move Linda to a hospital in India where she spent six weeks to gain strength to return to Canada. Space does not allow me to relate all that Linda shared but one very important and significant thing was that, through it all, she knew and testified that the Lord was always with her and she had that comforting assurance while family and loved ones were over 10,000 miles away. A film entitled Tribal Church in the Making, which was filmed at Kunri, Pakistan, was shown to conclude the evening message.

Next Sunday - Communion service at 10 a.m., Sunday School at 2:30 and a gospel service at 7:30 with the message being brought by Don Waterhouse of Highland Crossroads. A welcome awaits you.

From page 11
Sunday. They've asked me to thank everyone who showed so much love and welcome to them and soon as they are settled away hope to have all of you back to visit with them. Thank you one and all.

Sorry to hear of Jean Merritt's recent illness. Jean was nurse at Dr. Jamieson's office in "Coby" for many years and her many friends wish her well.

Clara Watson, along with her daughter, Beaula Dracup of Peterborough, are now at home after a week of fun and travelling with the Tom Clark Travel Tours of Bowmanville. They visited Opreyland, Nashville, Tenn., the beautiful horse farms at Lexington, Kentucky, homes of the stars, Ronnie Prophet Carousel at Printer's Alley and took a cruise on the Cumberland River, followed by the Grand Ole Opry on Saturday night. The weather was in the 90's and they ran into the tail end of a tornado. They arrived home tired but happy and have nothing but praise for the good driver and nice hostess.

Congratulations to Leone Taylor of RR 3, Kirkfield who won the \$200 jackpot at "Coby" Legion bingo Thursday night.

The Richard Roberts Crusade starts at 3 p.m., Sunday, June 29 at the O'Keefe Centre at #1 Front St. E. in Toronto and will be featuring the World Action Singers and there will be free admittance at the centre. The bus leaves Harcourt at 10 a.m. and approximately 10:30 a.m. near the Kinvale Inn at Kinmount. It will stop at the Burnt River corner and Fenelon Falls Senior Citizens. It may be possible to pick up passengers on the way and the fare is \$15 return. The bus will stop for lunch, on the way and if necessary, for dinner on the way home. If interested, you may contact Violet Cooke at 447-2468 or Rev. Bailey at 448-2850.

Mr. and Mrs. Everett Richards of P.E.I. were recent visitors for a week with Sis and Jim Gillis of Galway Road and a great feed of lobsters was enjoyed by all, brought

straight from P.E.I.
Don and Sue Mason, Tom Kelly and George Bradner, all of Toronto, were weekend guests of Sis and Jim Gillis on Galway Road.

Sorry to hear Merle Campbell, Mary L. Pyke, Helen and Alex Graham, all of Norland, suffered from an overnight flu this week.

Lorrie Moss led with her chin this week while playing baseball and now looks like the ball is on her chin and very, very blue. The ball glanced off her glove hitting her on the chin. She said she saw stars for awhile and as if that weren't bad enough, they took a real thumping score-wise too. Planted tomatoes on Wednesday and frost on Thursday morning did them in. Guess I just don't live right.

Thanks to Toots and Ernie Barkwell, "Coby", for your very nice words on Thursday night but sorry Ernie, the editor just won't like those stories.

My good man is limping after twisting his ankle while on a trip to Toronto with Helen and Alex Graham to pick up their trunks on Thursday.

Sis Gillis was in Lindsay on Friday and in Toronto earlier in the week.

Nice to see Gertie Crichton, back to her old self again.

Made a batch of these little "tasties" today and thought you might like to try them. Stir and melt 1 package of butterscotch chips and 1/2 cup of peanut butter in saucepan and when mixed well, remove from stove and stir in 1 can of dry noodles. Drop by teaspoon onto waxed paper and cool in fridge.

You can reach me at 488-2399 if you have a story or just to say "hello". In the meantime, have a nice day.

from page 10
jump, the high jump and standing long jump.

Randy Jones was the top primary winner winning three firsts. Randy won in the 50 metre, 100 metre and standing long jump.

Two boys tied for the junior boys gold medal, namely, Todd Bryant and Mike Shepherd. Todd won three firsts and a third prize and Mike won two firsts and two second prizes. Todd was first in the 50 metre, the 100 metre and the running long jump and took third in the ball throw. Mike won the 400 metre and ball throw and placed second in the 50 metre and the 100 metre throw. Michael Clouston won the gold medal with one first and three seconds. Michael was the tops in the triple jump and second in the six-pound shot, in the running long jump and the high jump.

Bill Clouston was the senior winner, winning three firsts, in the running long jump, high jump and the triple jump.

Primary girls winners were as follows: 50 metre - Tracey Bradmore, Christine Peters and Colleen Liscombe. In the 100 metre - Christine Peters, Kacey Cork, Colleen Liscombe. In the running long jump - Colleen Liscombe, Tracy Bradmore, Shelly Foster. The ball throw winners were Christine Peters, Tracy Bradmore, Jenny Richardson. The standing long jump winners were Jenny Richardson, Tracy Bradmore and Mary Rees.

The junior girls prizes went to: 50 metre - Annie Stewart, Michelle Crookes, Lisa Kay; the 100 metre winners - Annie Stewart, Lisa Kay. The 400 metre winners were Kim Stewart, Lisa Kay and Annie Stewart. Ball throw winners

were Catrina Guiotto, Angela Wilms, Jessie Bambrugh. Running long jump, Catrina Guiotto, Michelle Crookes, Angela Wilms. The high jump winners were Catrina Guiotto, Debbie Martin, Kim Stewart, and standing long jump winners were Michelle Crookes, Debbie Martin and Ann Marie Payne.

Intermediate girls winners were: 100 metre - Donna Hannivan, Denise Hannivan, Candy Yeo; the 200 metre - Donna Hannivan, Cindy Yeo and Sandra Yeo; 800 metre winners - Denise Hannivan, Julie Stewart, Candy Yeo. The six pound shot - Vicki Ferguson, Valerie Schell and Denise Hannivan; the running long jump - Donna Hannivan, Julie Stewart, Vicki Ferguson; the high jump - Julie Stewart, Denise Hannivan, Vicki Ferguson; stand-

ing long jump - Donna Hannivan, Sandra Yeo, and Kim Rees.

Senior girls: 100 metre - Sheila Beaudoin, Corielyn Weaver, Joanne Bradmore; 200 metre - Corielyn Weaver, Jenni Moffett, Diane Powell; 800 metre - Heather Shepherd, Jenni Moffett, Tammy Rees; the eight pound shot - Corielyn Weaver, Heather Shepherd, Joanne Bradmore; running long jump - Sheila Beaudoin, Corielyn Weaver, Jenni Moffett; standing long jump - Sheila Beaudoin, Katherine Lytle and Diane Powell.

Primary boys prizes went to: 50 metre - Randy Jones, Robbie Montgomery, Peter Dewell, 100 metre - Randy Jones, Robbie Montgomery, Peter Dewell. The running long jump - Peter Dewell, Stephan Downes, Charles Al-

ton. Ball throw - Peter Dewell, Charles Alton, Adam Bryant. Standing long jump - Randy Jones, Adam Bryant, Stephan Downes.

Junior boys: Todd Bryant, Mike Shepherd, Jason Dinwoodie, 100 metre - Todd Bryant, Mike Shepherd, Sean Coulton. The 400 metre winners were Mike Shepherd, Steven Dewell, Jason Dinwoodie. The ball throw - Mike Shepherd, Steven Dewell, Todd Bryant. Running long jump - Todd Bryant, Sean Coulton, Dean Powell. High jump - Jamie Walker, Andy Moffett, Steven Dewell.

Triple jump - Jason Dinwoodie, Andy Moffett, Sean Coulton.

Intermediate boys winners: 100 metre - Kevin Powell, Peter Guiotto, Garry Bradmore, 200 metre - Scott Jones, Peter Guiotto, Ron Foran. 800 metre - Ron Foran, Scott Jones, Gary Bradmore. Six pound shot - Brady Lytle, Michael Clouston, Paul Weaver. Running long jump - Dwayne Farrow, Michael Clouston, Raymond Ferguson. High jump - Scott Jones, Michael Clouston, Dwayne Farrow. Triple jump - Michael Clouston, Dwayne Farrow, Kevin Powell. Senior boys: Brent Bradmore, Darryl Guiotto, Don Edmonds, 200 metre - Brent Bradmore, Darryl Guiotto, Doug Powell, 1500 metre - Kevin Powell, Don Edmonds, Kelly Bryant. Eight pound shot - David Weaver, Derrick Bradmore, Brent Bradmore. Running long jump - Bill Clouston, Don Edmonds and Bryant. High jump - Bill Clouston, Grant Summerfeldt, Doug Powell. Triple jump - Bill Clouston, Don Edmonds,

Darryl Guiotto.

The Victoria County Spring Festival of the Arts came to a conclusion on Sunday with an Interfaith Service in the Lions Hall.

Art Griffin is home from hospital as is Harvey Bradmore. Joan Bowins and Clarence Cavanaugh have also been ill in Ross Memorial Hospital, Lindsay.

Wilberforce News

by Winnie Schofield

An interesting event took place on Tuesday, June 10 when the Wilberforce Veneer Co. produced the first sheet of veneer from the company's newly installed machine. This part of the equipment came from Virginia and is installed in the new building.

Mr. Bruce Gibbs, project manager, who had been on hand in 1943 to turn the

company lathe for the first time was also given the honour of producing the first sheet of veneer on June 10.

The management is hoping to be in full veneer production after vacation time in August. Wilberforce can be proud of having the oldest industry in Haliburton County.

Two winners split the jack-

"Peanut Butter Sauce" - 1/2 cup brown sugar; 1/2 cup milk; 1/4 cup liquid honey; 1 tbsp. margarine; 1/2 cup peanut butter. In saucepan combine all except the peanut butter. Heat until melted and smooth. Add the peanut butter and beat well. Makes one cup of delicious sauce to use over plain cake or over ice cream.

Most everyone nowadays is suffering from new ailment,

costaphobia ...the fear of rising prices.

Carol Evans, one of the cashiers at Minden Red and White store has made a decision to return to her home in Wales. We wish you all the best Carol and hope you will have many happy memories of our village.

Mrs. Gordon Dawkins and Beverley of Rexdale spent last week at their cottage.

No use sighing, no use crying,

Just a waste of breath to say,

"If I'm lucky, p'raps tomorrow Things will start to go away."

Help a neighbour, do a kindness, Gather many smiles today.

No comments about the weather for I've been reading the Almanac and I don't like what I read, but it is seeming to hit the nail dead on.

Adios and take care now.

At the Thursday craft night, work was begun on wicker flower pot holders. This new venture was held at the home of Mrs. Marie Dewey where the reed was soaked in the lake. There was much laughing and hilarity as the ladies stood in the shallow water and began learning this new craft. The antics of Miriam Lewis's dog added to the laughter. It found several of the ladies' socks

and refused to part with them, running away whenever he was approached.

Laying the asphalt has been completed on Highway 503 from Tory Hill to west of Gooderham. Center lanes are marked. This beautiful new highway is really appreciated by walkers, and bicycle riders, as well as by motorists.

Gooderham school children have been eagerly awaiting the day of their annual school

trip. On June 16, they, with their teachers and some parents, will travel to the Royal Ontario Museum in Toronto where they will visit the dinosaur and animal sections. They will also visit Ontario Place. An informative, happy and safe trip is wished for this group.

Volunteers to serve as members of the Parks and Recreation Board are needed. Public-spirited citizens, now

is your opportunity to serve in this capacity.

On Saturday evening, June 14, a dance will be held in the Glamorgan Fire Hall to raise money for the community centre. Jack Gedney will be the disc jockey and will feature a variety of dance music from 9 p.m. to 1 a.m. Bar facilities will be available, and a light lunch will be served.

Mr. and Mrs. Ken Bell

have just returned from a month's visit in Aviemore, Invernesshire, Scotland. Here they were visiting their daughter, son-in-law, and two grandchildren, the youngest of whom is two-month old Donovan.

Grades 3 and 4 went to Haliburton on Friday for Orientation Day. The Grade 4 students will be attending Haliburton Highlands Senior Elementary School in Sep-

tember. Last week the boys and girls who will be entering Kindergarten spent a day in Gooderham school in preparation for their entering school in September. These included: Jason Stamp, Allison Billings, Diane MacDuff, Chad Winder, Michael Billings, Angie Thompson, Wayne Barr, and Erin Fecht. The first meeting of a Girls' Club will be held on Tuesday.

Trent Severn News

The winter of 1979-1980 was a winter of light snowfall, with accumulations at the end of March about 40 percent of normal over much of the Trent-Severn Waterway. Parks Canada personnel, to ensure adequate supplies of water for the summer of 1980, started to catch water in February, earlier than usual. Above normal precipitation starting with the big rainfall on March 21 and occurring until the end of April caused most area lakes, including those operated as Trent-Severn Waterway reservoirs

to overflow with the excess precipitation. For the last month things have settled down, with the average storage ranging from 98 to 99 percent for the month. Excess water has been drained from the Kawartha Lakes, and the draw-off of water from the reservoirs will probably begin early in June.

Dredging in Canal and Mitchell Lakes

Throughout the navigation season there will be extensive dredging underway in Mitchell and Canal Lakes. These

lakes were originally dredged around 1905, during construction of the canal. After seventy years, silting has reached the point where the job has to be done again. Because of the size of the operation and for safety, boaters will only be allowed past the work sites every hour on the hour. The work zones will be marked with signs, and will have flagmen.

Lock staff at Bol's ver lock and at Kirkfield will advise boaters on how best to time their arrival at the work sites to coincide with through passage.

We thank you for your patience and co-operation in ensuring a safe and navigable waterway.

"It isn't the things that go in one ear and out the other that hurt, it's the things that go in one ear and get all mixed up so that you don't recognize them when they

slip out the mouth."

Did everyone see the beautiful rainbow ring around the sun one day last week? I think this is a fairly rare phenomenon and what it indicates

weather-wise we wouldn't want to suggest but something brought on the rainy spell we experienced at the end of the week. And the rain

Cont'd page 16

Gun Club holds first shoot

from page 7

In the hand gun knock down metal silhouette competition Solimano and Gerry Cox came up with the wins.

Boyd Jarvis took both the events in the .22 rifle category which were under the same conditions as hand guns except at 50 metres.

Competitors had to hit a 12-inch diameter metal gong at 100 metres with three shots

in the high power rifle category.

Winners were Peter Hynd and John Cooper.

Art Nye, John Coulter, who won twice, and Charlie Muli came up with wins in the shot gun trap shoot.

The club would like to remind its members they are free to practice any day, but group practices will be held

every Sunday at 2 p.m.

Other activities at the range this spring have included arranging for the clubhouse to be moved to its present site at the range. The fence posts have been installed around the range and fencing will be done at a later date. The trap house has been built and the range has been seeded with clover.

Carnarvon News

by Yvonne Penney

What strange weather for June! In the last few days we have experienced thunderstorms, hail, snow and plenty of rain. Many gardeners have lost most of their plants and are busy replanting because of the frost. I read a line in a magazine the other day which I think is most appropriate.

"Probably the last completely accurate weather forecast was when God told Noah there was a 100 percent chance of precipitation."

Susan Redner of Maple Lake has graduated from the library techniques program at Sheridan College in Toronto. Her parents, Mr. and Mrs. Clarence Redner, along with a friend, Sandra Roberts,

attended the graduation ceremonies at the college, last Wednesday, June 4. Congratulations Susan.

Marylene Welch is recuperating at home after surgery in a Peterborough hospital. Best of luck, Marylene.

Best wish are extended to the newlyweds - Mr. and Mrs. Greg Bishop (nee Sandra Barnhart) who were married at Zion United Church here in Carnarvon last Saturday, June 7. On their return from a honeymoon

couple will reside in Haliburton.

This coming weekend is the date for the Stanhope Fly-In. An event such as this requires a good deal of planning and work on the part of the committee. Here's hoping we have good weather for the air show.

Next week has been declared "Senior Citizens Week" in Haliburton County and I would extend best wishes to all our "Seniors".

Wilberforce News

from page 13

pot of \$250 at the Legion weekly bingo games. Shelley Stoughton of Wilberforce and Noreen Ireland were the lucky one with a full card in 60 numbers. A new jackpot begins with \$100 and 40 numbers with an increase of five dollars a week.

We apologize to Murray Sweet, the outstanding goalie of the Wilberforce Novice team. Murray comes from Highland Grove, not Gooderham, and the Ben Matthews award that he received was for the most improved player in the league. He was also voted the most improved player of the Novice team which does make him a very valuable player.

The schedule of coming events that went out with the tax bills lists the fiddle

contest and step dance for June 28. The date has been changed to July 5. Notices to this effect have been circulated but some folks are not aware of the change.

The Kawartha Shrine Club held their monthly meeting at the Lloyd Watson Memorial Centre. About 175 members were present with representatives from Peterborough, Lindsay, Haliburton, Bancroft and other areas. Members of the U.C.W. and local residents were in charge of the dinner. The Shriners are a philanthropic association noted for their work with crippled children hospitals and with Burns Institutes that care for chronic burn cases. Speaker for the day was Ernest Anderson.

Gooderham News

from page 13

June 17 from 3:30 to 5 p.m. at the Gooderham Pentecostal Church. This is a non-denominational organization to reach girls age 6 to 12. Activities include: bible study, sports, crafts, singing, games, field trips, and parties. Information will be supplied by Mrs. Sauve by calling 447-2177. Boys' Brigade has already been organized and the boys of ages 6-12 are enjoying their meetings on Thursday in the fire hall. This, too, is sponsored by the local Pentecostal church.

Friends of Mrs. Carl Sisson will be glad to know that she is expected home soon, following surgery at St. Joseph's Hospital, Peterborough. Our best wishes for continued improvement each day!

As you enter Gooderham Foodtown, you are tempted to buy some of the goodies displayed in the new counter just inside the door. These are baked on the premises of the Gooderham store.

Congratulations and best wishes are extended to Mrs. Lulu Dovel whose 86th birthday was on Friday. She celebrated with her family at the home of her granddaughter, Carol Dawson, in Peterborough on Saturday and on Sunday she left with her grandson, Gary, and his wife for a two-week visit in North Bay.

You are invited to a Fellowship of Faith at Harcourt on June 20, 21 and 22. Registration begins Friday at

1 p.m. Cost for the three days is \$10 a family or \$5 single. Camping grounds are available.

Mrs. Grace Billings and Mrs. Pat Thorne attended the U.C.W. workshop at Queen Street United Church, Lindsay, last week.

Roy Spencer of Chatham spent a few days last week with his sister, Mrs. Grace Billings.

Mrs. Grace Billings visited Mrs. Eva Palk at Fenelon Falls last week.

NOTICE OF PUBLIC MEETING

TAKE NOTICE THAT a Public Meeting of The Liquor Licence Board of Ontario will be held at the ROYAL CANADIAN LEGION, 217 MURRAY STREET, PETERBOROUGH, ONTARIO, on WEDNESDAY, JUNE 25th, 1980, at the hour of 9:30 o'clock in the forenoon, at which time the Board will hear applications for new licences in accordance with The Liquor Licence Act, 1975 and Regulations thereunder.

The following establishment has applied for a licence of the class indicated, and the application will be entertained at the aforementioned location and time:

Lakeview Restaurant
Township of Dysart et al
(M.A. PO. Box 485,
Haliburton)
Dining Room Licence
Applicants: Harvey Williams,
Joan Williams

AND FURTHER TAKE NOTICE that any person who is resident in the municipality and who wishes to make representation relative to the application, shall make their submission to the Board in writing prior to the date of the hearing, or in person at the time and place of the hearing. (Copies of written submissions will be forwarded to the applicant.)

A FAMILY WEEKEND IN TORONTO FOR ONLY \$49.00*

Naturally we can't include meals in that price, but we can provide a very comfortable 2-bedded deluxe room whether you stay with us Friday and Saturday or Saturday and Sunday. And your children under 12 occupying your room with no additional beds are free!

We're convenient to both airport and 401 and we'll spoil you with free parking, colour cable TV, in-room coffee and morning newspaper. Our food is great, the service will please you and our outdoor summer pool is a great way to relax. We have courtesy transportation to and from the Toronto International Airport. Come and see us! By advance reservation only... call or write!

*Subject to limited availability. Rates subject to change without notice. Not applicable to groups or conventions.

BEYOND VICTORY

This

Glamorgan Council

from page 2
on Thursday, May 15, 1980 to discuss fire department matters and the approach to be made to the Ministry of Culture and Recreation with regard to Wintario Capital Grant for the proposed community centre.

Fire chief, Howard Hillis gave council a verbal report on the present operation and future plans and concerns of the Glamorgan Township Fire Department. Discussion followed.

John Eakins, MPP, accepted copies of briefs from council and from the Senior Citizens' Club as prepared for presentation to Rueben Baetz, Minister of Culture and Recreation in support of the township's request for further consideration of its application for Wintario Capital Grant funding for a community centre. The project was discussed with Mr. Eakins and he agreed to arrange a meeting with the ministry to present the case. Mr. Eakins stated that he would make all arrangements and accompany the delegation.

No resolutions were passed at this meeting.

A special meeting of council was held in council chambers on Saturday, May 17, 1980 at 1:00 p.m. to discuss various matters with representatives of the various cottagers' associations in the township.

Approximately 20 ratepayers attended representing Big Glamour Lake, Pine Lake, Salerno Lake, Koshong Lake, Little Glamour Lake, Contau Lake, Wolf Lake,

Minnicock Lake and Trooper Lake.

Items discussed included proposed community centre, roads, and lakeshore road allowances.

No resolutions were passed.

A regular meeting of council was held in council chambers on Tuesday, May 20, 1980.

Council decided it is not prepared to rezone the property North Part of Lot 13, Concession 5, in that OMB has not approved zoning By-law 79-14 and Mr. Morton Morris will be notified of same.

Application H76/80 was not recommended for approval as the severance does not comply with S. 7(a) of zoning By-law 79-14 and there was no provision for the severed and retained portions to be adjoined to the properties on the immediate south.

Application for severance H70/80 was recommended for approval subject to the applicants assuming all costs for a site specific amendment to zoning By-law 79-14. By-law 80-11, a by-law to amend the general text of By-law 79-14, was passed, and the clerk was directed to apply to the Ontario Municipal Board for permission to publish this amendment in lieu of circulation to ratepayers.

Dorset News

from page 14
seems to promote the mosquito population as well as making them stronger and more voracious. One thing in the way of good news, we hear that the forest fire situation in the north has taken a turn for the better. Something to be thankful for.

A group of mothers and other interested ladies have been helping at the public school with children who needed a little extra attention. Since school will be closing for the summer before too long and special activities will be taking place, last week finished off this program. In appreciation, the teachers and pupils involved, put on a luncheon for the helpers. The children were involved with the preparation of the food which was very delicious and their efforts were greatly appreciated.

We are happy to report that Devina MacKay (Mrs. Norman) is reported to be doing

well having had special treatment at Toronto General Hospital where she is a patient.

Visitors who have been to see Rose Crozier at Riverdale Convalescent hospital report that she is in fine spirits and happy to receive cards from her friends back home.

The C.W. group of the Mission Church went by bus to visit the Sara Lee factory at Bramalea to see how all the goodies were made and get a few samples.

Clayton's General Store has taken on a new look with a fresh coat of white paint with brown trim. Very attractive. Note: If you don't use up garlic in a hurry here are a couple of ways to keep it fresh. Separate the cloves and peel and either put in a tie bag and freeze or put in a small jar and cover with oil and keep in fridge. In the latter case the oil may be used for salad dressing.
